Value Proposition

Why should customers choose YOU?

Warm-up: Two Juice Shops

Shop A

"We sell juice."

Shop B

"Fresh juice in 2 minutes. No added sugar!"

Which shop do YOU pick? That "why" is a value proposition!

What Is a Value Proposition?

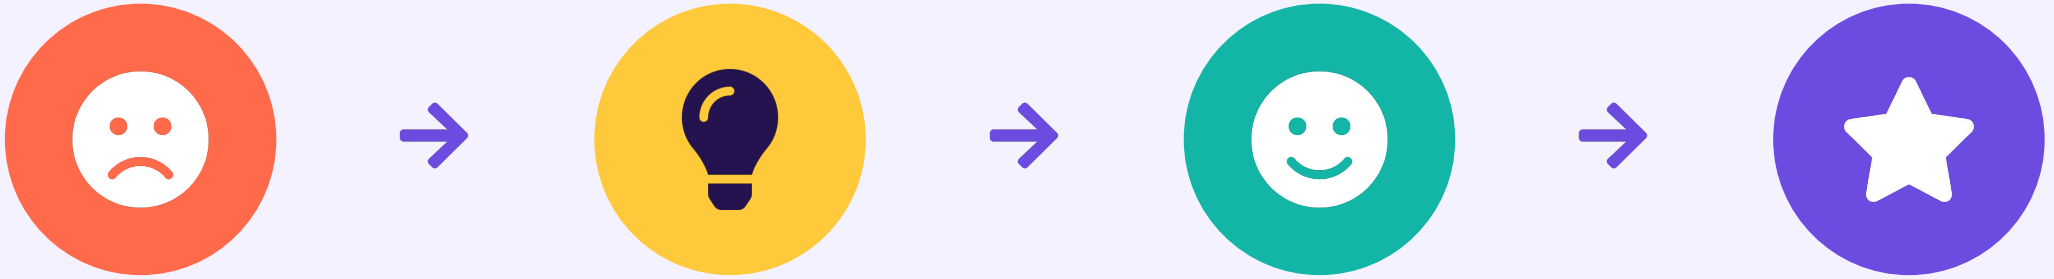

A short, simple statement that tells customers:

What benefit you give

What problem you solve

Why you beat the rest

The Simple Formula

Problem

What hurts?

Solution

How we fix it

Benefit

What they gain

Why us

What is special

Swiggy: You are hungry, order on the app, food arrives fast, and you get huge choice!

Why Does It Matter?

Attract

New customers say, "I want this!"

Keep

Old customers stay because they trust you.

Stand out

You look different from other shops.

For [customer] who [has a problem], our [product] gives [benefit], unlike [others].

Example: For hungry students who hate long queues, our Pre-Order Canteen serves hot food in 5 minutes. No waiting!

Keys to a Great Value Proposition

- **Focus on needs** - talk about their pain.
- **Keep it simple** - one clear line.
- **Show your edge** - why you beat others.
- **Test and refine** - ask, listen, improve.
- **Get personal** - speak to your customer.

Quiz Time: Match the Type!

1. "Think Different"
2. "All your tools in one place"
3. "Lowest price guaranteed"
4. "Design your own shoes"

Pick the type:

- Customization
- Low Pricing
- Customer Results
- Uniqueness

Your Turn: Group Activity

Pick

A school bag, canteen or game app.

Write

One sentence: who, problem, benefit.

Share

Read it aloud. Class votes!

5 minutes | Teams of 3 to 4 students

Remember!

- Tell customers WHY to choose you
- Solve a real problem
- Keep it short and simple
- Test, listen and improve

Thank you!
