Physical Education & Yoga

All MCQs with answers + 3 predicted practice sets - BBA / B.Sc. IV Sem (NEP), paper Z040401T

Exam pattern (from the past papers): 100 MCQs in the booklet, answer any 75 on the OMR sheet, 75 marks, 90 minutes, no negative marking.
Syllabus: Unit I Physical Education - Unit II Fitness, weight management, lifestyle - Unit III Yoga and meditation - Unit IV Traditional games and recreation.

Please note: the three past papers (Set A 2025-26, Series B 2025-26, Set D 2024) have **no answer key**. Every answer here is worked out from the syllabus and standard knowledge, not an official key. Answers marked [answer not sure - verify] (31 questions) should be checked with your teacher. Predicted sets are built from the topics that repeat most across the papers - a study aid, not a guarantee.

Contents

Part A - All 300 MCQs with answers (by unit)
Part B - Predicted Set 1, Set 2, Set 3 (50 questions each) with answer keys

Part A - All MCQs with answers

Unit I - Physical Education

Meaning & aim

1. What is Physical Education?

A. Study of the mind
B. Education through physical activities
C. Only sports training
D. Only exercise

Answer: B. Education through physical activities

Physical Education means educating the whole person THROUGH physical activity such as games, exercise and yoga. [Set A 2025-26 Q1]

A is wrong: Study of the mind is psychology, not PE.

C is wrong: Sports training is only one part of PE; PE also covers health, fitness, yoga and values.

D is wrong: Exercise is one tool PE uses; it is not the whole meaning.

2. The main aim of Physical Education is?

A. Entertainment only
B. All-round development
C. Winning medals only
D. Passing theory exams

Answer: B. All-round development

The aim of PE is the all-round development of a person - physical, mental, social and emotional. [Set A 2025-26 Q2]

A is wrong: Entertainment is a by-product, not the aim.

C is wrong: Medals belong to competitive sport; PE is for every student.

D is wrong: PE is mostly practical; passing theory exams is not its aim.

3. Physical Education is related to?

A. Only body
B. Only mind
C. Body and mind
D. Only games

Answer: C. Body and mind

PE develops body and mind together, which is why it is called education through movement. [Set A 2025-26 Q4]

A is wrong: Only body ignores the mental and social gains.

B is wrong: Only mind ignores physical development.

D is wrong: Games are a means PE uses, not its whole field.

4. General education and Physical Education are?

A. Unrelated
B. Complementary
C. Opposite
D. Identical

Answer: B. Complementary

General education and PE support each other - PE is a part of total education. [Set A 2025-26 Q10]

A is wrong: They are closely linked, not unrelated.

C is wrong: PE does not oppose learning; it helps concentration and character.

D is wrong: They are different subjects, so not identical.

5. The objective of Physical Education includes?

A. Developing health
B. Developing skills
C. Developing character
D. All of these

Answer: D. All of these

Health, skills and character are all objectives of PE. [Set A 2025-26 Q11]

A is wrong: "Developing health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Developing skills" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Developing character" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

6. Physical Education is best described as?

A. Only a game
B. A part of education
C. Only competition
D. Only leisure

Answer: B. A part of education

PE is a part of education that uses movement to develop the learner. [Set A 2025-26 Q12]

A is wrong: Calling it only a game ignores health, skills and values.

C is wrong: Competition is only one activity inside PE.

D is wrong: Leisure is recreation; PE is educational.

7. The social objective of Physical Education is to improve?

A. Cooperation
B. Leadership
C. Team spirit
D. All of these

Answer: D. All of these

The social objective covers cooperation, leadership and team spirit. [Set A 2025-26 Q18]

A is wrong: "Cooperation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Leadership" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Team spirit" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

8. Which statement is correct about Physical Education?

A. It is only theoretical
B. It is only for professionals
C. It is a part of total education
D. It has no health value

Answer: C. It is a part of total education

PE is a part of total education, so this is the correct statement. [Set A 2025-26 Q19]

A is wrong: PE is practical as well as theoretical.

B is wrong: It is for every student, not only professionals.

D is wrong: It has high health value.

9. The basic nature of Physical Education is?

A. Practical and experiential
B. Only memorization
C. Only written
D. Only passive

Answer: A. Practical and experiential

PE is learning by doing, so its basic nature is practical and experiential. [Set A 2025-26 Q23]

B is wrong: Memorising is not how PE is learnt.

C is wrong: PE is not only written work.

D is wrong: PE needs active participation, not passivity.

10. Which of these terms denote the 'toughening of body' as its major objective :

A. Physical culture
B. Play

C. Drill
D. Physical training

Answer: D. Physical training [answer not sure - verify]

Physical training aims at toughening and conditioning the body; this is the best fit among the options. [Series B 2025-26 Q66]

A is wrong: Physical culture aims at beauty and form.

B is wrong: Play aims at enjoyment.

C is wrong: Drill aims at discipline and order.

11. According to the German Concept of Physical Education, the Mother of all Games and Sports is :

A. Swimming
B. Gymnastic
C. Athletics
D. Combatives

Answer: B. Gymnastic

In the German system gymnastics is the 'mother of all games and sports'. [Series B 2025-26 Q67]

A is wrong: Swimming is not given this name.

C is wrong: Athletics is called mother of sports in other systems.

D is wrong: Combatives are not.

12. Physical activity is basically :

A. Biological necessity
B. Psychological tendency
C. Social attribute
D. Philosophical concept

Answer: A. Biological necessity

Movement is a basic biological need of the body. [Series B 2025-26 Q68]

B is wrong: It is more than a tendency.

C is wrong: It is not just a social habit.

D is wrong: It is not just a concept.

13. The main aim of physical education is :

A. allround development of a person
B. entertainment of a person through sports and games
C. Both (A) and (B)
D. None of the above

Answer: A. allround development of a person

The main aim of PE is all-round development. [Series B 2025-26 Q69]

B is wrong: Entertainment is a side-benefit, not the main aim.

C is wrong: Not correct - only "allround development of a person" is right, so 'both' does not hold.

D is wrong: Not correct - there is a right answer among the options: allround development of a person.

14. Which of the following best defines physical education?

A. Education related to economics
B. Learning new languages
C. Systematic instruction in sports, exercise, and health
D. Preparation for competitive exams

Answer: C. Systematic instruction in sports, exercise, and health

PE is systematic instruction in sports, exercise and health. [Series B 2025-26 Q78]

A is wrong: Economics is another subject.

B is wrong: Languages are another subject.

D is wrong: Exams are not its aim.

15. What does Physical Education mean?

A. Only playing games
B. Relaxing the body
C. Holistic development of body and mind

D. Only doing exercise

Answer: C. Holistic development of body and mind

PE aims at holistic development of body and mind. [Series B 2025-26 Q79]

A is wrong: Playing games is only one part.

B is wrong: Relaxing is not its aim.

D is wrong: Exercise is only one part.

16. Who defined Physical Education as the sum of man's physical activities selected as to kind and conducted as to outcomes?

A. J.F. Williams
B. Charles Bucher
C. Oberteuffer
D. Cassidy

Answer: A. J.F. Williams

J.F. Williams defined PE as the sum of man's physical activities selected as to kind and conducted as to outcomes. [Series B 2025-26 Q80]

B is wrong: Charles Bucher is known for different definitions of PE.

C is wrong: Oberteuffer is known for different definitions of PE.

D is wrong: Cassidy is known for the 'education through physical activity' idea, not this wording.

17. A Physical Education teacher now a days is essentially :

A. An instructor
B. A movement educator
C. A drill master
D. All of the above

Answer: B. A movement educator [answer not sure - verify]

A modern PE teacher educates through movement. [Series B 2025-26 Q95]

A is wrong: An instructor is too narrow.

C is wrong: A drill master is outdated.

D is wrong: Not all roles are modern.

18. Who among the following advocated the requirement of football field more than that of Geeta ?

A. Mahatma Gandhi
B. Vinoba Bhave
C. Churchill
D. Swami Vivekanand

Answer: D. Swami Vivekanand

Swami Vivekananda said football is a better path than reading the Gita for the weak. [Series B 2025-26 Q99]

A is wrong: Gandhi did not say it.

B is wrong: Vinoba Bhave did not say it.

C is wrong: Churchill did not say it.

19. Who stated, "Sound mind lives in a Sound body"?

A. Mahatma Gandhi
B. Swami Vivekanand
C. Plato
D. Aristotle

Answer: C. Plato [answer not sure - verify]

'Sound mind in a sound body' (mens sana in corpore sano) is often credited to Juvenal; Plato is the nearest option. [Series B 2025-26 Q100]

A is wrong: Gandhi did not say it.

B is wrong: Vivekananda did not say it.

D is wrong: Aristotle did not say it.

20. Enlightenment is more easily attained by playing football than by reading the Gita - this statement is of?

A. Mahatma Gandhi
B. Jawahar Lal Nehru

C. Rabindranath Tagore
D. Swami Vivekananda

Answer: D. Swami Vivekananda

Swami Vivekananda said the youth would reach heaven sooner through football than through reading the Gita. [Set D 2024 Q31]

A is wrong: Gandhi did not say this.

B is wrong: Nehru did not say this.

C is wrong: Tagore did not say this.

21. What is the aim of physical education?

A. Physical development
B. Psychological development
C. Motor development
D. Optimum development of an individual

Answer: D. Optimum development of an individual

The aim of PE is the optimum development of the individual as a whole. [Set D 2024 Q61]

A is wrong: Physical development is only one part.

B is wrong: Psychological development is one part.

C is wrong: Motor development is one part.

22. What is focus of physical education?

A. Motion
B. Man in motion
C. Man
D. Fitness

Answer: B. Man in motion

PE focuses on 'man in motion' - the whole person through movement. [Set D 2024 Q73]

A is wrong: Motion alone ignores the person.

C is wrong: Man alone ignores movement.

D is wrong: Fitness is one result.

Misconceptions

23. Which is a misconception about Physical Education?

A. It improves health
B. It is only for athletes
C. It develops discipline
D. It supports fitness

Answer: B. It is only for athletes

PE is for everyone. Saying it is only for athletes is the common wrong belief about PE. [Set A 2025-26 Q3]

A is wrong: Improving health is a real benefit, so it is not a misconception.

C is wrong: Developing discipline is a real outcome of PE.

D is wrong: Supporting fitness is a real outcome of PE.

24. A common misconception is that Physical Education is?

A. Useful for life
B. Only for boys
C. Helpful for health
D. Important in schools

Answer: B. Only for boys

PE is for boys and girls of every age; thinking it is only for boys is the misconception. [Set A 2025-26 Q14]

A is wrong: Being useful for life is true of PE.

C is wrong: PE is helpful for health - true.

D is wrong: PE is important in schools - true.

PE in India

25. Physical Education in India before independence was generally?

A. Highly organized
B. Limited
C. Fully modern
D. Scientifically planned

Answer: B. Limited

Before 1947 PE in India was limited and mostly traditional or military in style. [Set A 2025-26 Q7]

A is wrong: There was no organised national programme.

C is wrong: Modern PE grew after independence.

D is wrong: Scientific planning came later.

26. Physical Education in India after independence became?

A. Less important
B. More developed
C. Completely closed
D. Not included in schools

Answer: B. More developed

After 1947 PE grew with school programmes and national institutes, so it became more developed. [Set A 2025-26 Q8]

A is wrong: It became more important, not less.

C is wrong: It opened up to schools and colleges, not closed.

D is wrong: It was included in school education.

27. Physical Education before independence was mostly influenced by?

A. Traditional and military needs
B. Digital learning
C. Online coaching
D. Space science

Answer: A. Traditional and military needs

Before independence PE followed traditional and military needs. [Set A 2025-26 Q20]

B is wrong: Digital learning did not exist.

C is wrong: Online coaching did not exist.

D is wrong: Space science has no link with early PE.

28. After independence, India placed more emphasis on?

A. National development
B. Only club sports
C. Only foreign games
D. No school sports

Answer: A. National development

After independence PE was linked to national development and school programmes. [Set A 2025-26 Q21]

B is wrong: Not only club sports - schools were involved.

C is wrong: Indian games were promoted too.

D is wrong: School sports were included.

29. Physical education recognized by the Indian Education Commission?

A. In 1880
B. In 1881
C. In 1883
D. In 1882

Answer: D. In 1882

The Indian Education Commission (Hunter Commission) was set up in 1882 and recommended physical training in schools. [Set D 2024 Q29]

A is wrong: Incorrect - the right answer is "In 1882", not "In 1880".

B is wrong: Incorrect - the right answer is "In 1882", not "In 1881".

C is wrong: Incorrect - the right answer is "In 1882", not "In 1883".

30. Y.M.C.A. Madras was established in which year?

A. 1890

B. 1910
C. 1920
D. 1940

Answer: C. 1920

YMCA Madras began its physical education training in 1920. [Set D 2024 Q54]

A is wrong: Incorrect - the right answer is "1920", not "1890".

B is wrong: Incorrect - the right answer is "1920", not "1910".

D is wrong: Incorrect - the right answer is "1920", not "1940".

Scope & importance

31. Physical Education is needed in modern society because it?

A. Reduces stress
B. Improves health
C. Builds social skills
D. All of the above

Answer: D. All of the above

Stress, poor health and weak social skills are all problems of modern life that PE helps with. [Set A 2025-26 Q5]

A is wrong: "Reduces stress" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Improves health" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Builds social skills" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

32. The scope of Physical Education includes?

A. Sports
B. Yoga
C. Recreation
D. All of these

Answer: D. All of these

Sports, yoga and recreation all fall inside the scope of PE. [Set A 2025-26 Q6]

A is wrong: "Sports" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Yoga" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Recreation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

33. Physical Education helps in?

A. Physical fitness
B. Mental health
C. Social adjustment
D. All of these

Answer: D. All of these

PE builds fitness, mental health and social adjustment. [Set A 2025-26 Q9]

A is wrong: "Physical fitness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Mental health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Social adjustment" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

34. Which of these is a benefit of Physical Education?

A. Better teamwork
B. Better discipline
C. Better self-confidence
D. All of these

Answer: D. All of these

Teamwork, discipline and self-confidence all grow through PE. [Set A 2025-26 Q13]

A is wrong: "Better teamwork" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Better discipline" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Better self-confidence" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

35. Physical Education in schools mainly supports?

A. Holistic growth
B. Only body building
C. Only entertainment
D. Only competition

Answer: A. Holistic growth

In schools PE supports holistic (overall) growth of the child. [Set A 2025-26 Q15]

B is wrong: Body building is only a narrow part.

C is wrong: Entertainment is not its main purpose.

D is wrong: Competition is only one part of PE.

36. The scope of Physical Education does NOT include?

A. Yoga
B. Sports
C. Recreation
D. Cure for all diseases

Answer: D. Cure for all diseases

PE promotes health but cannot cure all diseases. Yoga, sports and recreation are in its scope. [Set A 2025-26 Q16]

A is wrong: Yoga is in the scope of PE.

B is wrong: Sports are in the scope of PE.

C is wrong: Recreation is in the scope of PE.

37. Physical activity in PE helps to develop?

A. Coordination
B. Strength
C. Endurance
D. All of these

Answer: D. All of these

Physical activity in PE develops coordination, strength and endurance. [Set A 2025-26 Q17]

A is wrong: "Coordination" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Strength" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Endurance" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

38. Physical Education contributes to?

A. Healthy lifestyle
B. Mental alertness
C. Personal discipline
D. All of these

Answer: D. All of these

PE gives a healthy lifestyle, mental alertness and personal discipline. [Set A 2025-26 Q22]

A is wrong: "Healthy lifestyle" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Mental alertness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Personal discipline" is true, but it is only one of the listed points - the other options are also correct, so "All of

these" is the complete answer.

39. Physical education and recreation are closely related, because they both:

A. promote physical and mental well- being
B. require expensive equipment
C. are only for children
D. take place in classrooms

Answer: A. promote physical and mental well- being

Both promote physical and mental well-being. [Series B 2025-26 Q83]

B is wrong: Equipment need not be expensive.

C is wrong: They are for all ages.

D is wrong: They do not need classrooms.

Unit II - Fitness, Weight Management, Lifestyle

Components of fitness

40. Which is a component of fitness?

A. Strength
B. Speed
C. Flexibility
D. All of these

Answer: D. All of these

Strength, speed and flexibility are all components of fitness. [Set A 2025-26 Q27]

A is wrong: "Strength" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Speed" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Flexibility" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

41. Flexibility means?

A. Ability to lift heavy weights
B. Ability to run fast
C. Range of motion at joints
D. Ability to jump high

Answer: C. Range of motion at joints

Flexibility is the range of movement available at the joints. [Set A 2025-26 Q28]

A is wrong: Lifting heavy weights is strength.

B is wrong: Running fast is speed.

D is wrong: Jumping high is power.

42. Body composition is related to?

A. Fat and lean mass
B. Only height
C. Only age
D. Only speed

Answer: A. Fat and lean mass

Body composition is the proportion of fat and lean (muscle, bone) mass in the body. [Set A 2025-26 Q37]

B is wrong: Height alone does not describe composition.

C is wrong: Age is not composition.

D is wrong: Speed is a different fitness component.

43. Muscular endurance means?

A. Ability to exert force once
B. Ability to sustain repeated effort
C. Ability to sleep more
D. Ability to eat more

Answer: B. Ability to sustain repeated effort

Muscular endurance is the ability to keep repeating or sustaining muscle effort. [Set A 2025-26 Q38]

A is wrong: Exerting force once is strength.

C is wrong: Sleeping more has nothing to do with muscles.

D is wrong: Eating more is not endurance.

44. Cardiovascular endurance is the ability of the?

A. Heart and lungs
B. Eyes and ears
C. Hands and feet
D. Skin and hair

Answer: A. Heart and lungs

Cardiovascular endurance depends on the heart and lungs supplying oxygen during long activity. [Set A 2025-26 Q39]

B is wrong: Eyes and ears do not supply oxygen.

C is wrong: Hands and feet do not.

D is wrong: Skin and hair do not.

45. Strength means?

A. Ability to exert force
B. Ability to relax
C. Ability to sleep
D. Ability to sing

Answer: A. Ability to exert force

Strength is the ability to exert force against a resistance. [Set A 2025-26 Q40]

B is wrong: Relaxing is not exerting force.

C is wrong: Sleeping is not strength.

D is wrong: Singing is not strength.

46. Speed means?

A. Ability to change direction
B. Ability to move quickly
C. Ability to balance
D. Ability to stretch

Answer: B. Ability to move quickly

Speed is the ability to move quickly. [Set A 2025-26 Q41]

A is wrong: Changing direction is agility.

C is wrong: Balancing is balance.

D is wrong: Stretching is flexibility.

47. Balance is the ability to?

A. Maintain body position
B. Run faster
C. Jump higher
D. Lift weights

Answer: A. Maintain body position

Balance is the ability to keep the body steady or in position. [Set A 2025-26 Q42]

B is wrong: Running faster is speed.

C is wrong: Jumping higher is power.

D is wrong: Lifting weights is strength.

48. Which of these is a skill-related component of fitness?

A. Balance
B. Flexibility
C. Body Composition
D. Muscular Endurance

Answer: A. Balance

Balance is skill-related fitness. [Series B 2025-26 Q11]

B is wrong: Flexibility is health-related.

C is wrong: Body composition is health-related.

D is wrong: Muscular endurance is health-related.

49. Maximum force that a muscle or muscle group can apply is called:

A. Muscular Endurance
B. Muscular Strength
C. Flexibility
D. Power

Answer: B. Muscular Strength

Maximum force a muscle can exert is muscular strength. [Series B 2025-26 Q12]

A is wrong: Endurance is repeated effort, not maximum force.

C is wrong: Flexibility is range of motion.

D is wrong: Power is force combined with speed.

50. The ratio of Fat to Lean body mass is known as:

A. Body Mass Index
B. Body Composition
C. Physical Fitness
D. Weight Management

Answer: B. Body Composition

The ratio of fat to lean mass is body composition. [Series B 2025-26 Q13]

A is wrong: BMI uses height and weight only.

C is wrong: Physical fitness is the overall state.

D is wrong: Weight management is a process.

51. Performing a 100-meter sprint requires which component of fitness the most?

A. Cardiovascular Endurance
B. Flexibility
C. Speed
D. Body Composition

Answer: C. Speed

A 100 m sprint is a short, fast effort, so speed matters most. [Series B 2025-26 Q14]

A is wrong: Cardiovascular endurance is for long activity.

B is wrong: Flexibility helps but is not the main need.

D is wrong: Body composition is not a performance skill.

52. The ability to change the direction of the body quickly and accurately is:

A. Agility
B. Balance
C. Coordination
D. Speed

Answer: A. Agility

Agility is changing direction quickly and accurately. [Series B 2025-26 Q15]

B is wrong: Balance is staying steady.

C is wrong: Coordination is working parts together smoothly.

D is wrong: Speed is moving fast in a line.

53. Which of the following is NOT a component of health-related physical fitness?

A. Cardiovascular Endurance
B. Muscular Strength
C. Flexibility
D. Speed

Answer: D. Speed

Speed is skill-related fitness. [Series B 2025-26 Q22]

A is wrong: Cardiovascular endurance is health-related.

B is wrong: Muscular strength is health-related.

C is wrong: Flexibility is health-related.

54. The ability of the Heart and Lungs to supply oxygen to working muscles for a long period is called:

A. Muscular Strength
B. Cardiovascular Endurance
C. Body Composition
D. Flexibility

Answer: B. Cardiovascular Endurance

Cardiovascular endurance is the heart and lungs supplying oxygen for a long time. [Series B 2025-26 Q23]

A is wrong: Strength is maximum force.

C is wrong: Body composition is fat to lean mass.

D is wrong: Flexibility is range of motion.

55. Which component of fitness is best developed by long-distance running?

A. Speed
B. Explosive Power
C. Cardiovascular Endurance
D. Balance

Answer: C. Cardiovascular Endurance

Long-distance running trains the heart and lungs. [Series B 2025-26 Q24]

A is wrong: Speed is trained by sprints.

B is wrong: Explosive power is trained by jumps.

D is wrong: Balance is trained by steadiness drills.

56. The ability to move joints through a full range of motion is known as:

A. Strength
B. Flexibility
C. Agility
D. Endurance

Answer: B. Flexibility

Moving joints through full range is flexibility. [Series B 2025-26 Q25]

A is wrong: Strength is force.

C is wrong: Agility is quick direction change.

D is wrong: Endurance is staying power.

57. Which is not considered one of the Five main components of physical fitness?

A. Muscular Strength
B. Cardiovascular Endurance
C. Reaction Time
D. Flexibility

Answer: C. Reaction Time

The five health-related components are CV endurance, muscular strength, muscular endurance, flexibility and body composition; reaction time is skill-related. [Series B 2025-26 Q26]

A is wrong: Muscular strength is one of the five.

B is wrong: CV endurance is one of the five.

D is wrong: Flexibility is one of the five.

58. Which of the following is not a coordinative ability?

A. Balance
B. Agility
C. Muscular Strength
D. Rhythm

Answer: C. Muscular Strength

Muscular strength is a conditional ability; balance, agility and rhythm are coordinative. [Set D 2024 Q2]

A is wrong: Balance is coordinative.

B is wrong: Agility is coordinative.

D is wrong: Rhythm is coordinative.

59. The ability to cover the maximum distance in minimum time is

A. Endurance
B. Speed
C. Strength
D. None of the above

Answer: B. Speed

Speed is covering maximum distance in minimum time. [Set D 2024 Q59]

A is wrong: Endurance is lasting long.

C is wrong: Strength is force.

D is wrong: Not correct - there is a right answer among the options: Speed.

60. Which of the following is not a component of physical fitness?

A. Endurance
B. Speed
C. Alertness
D. Strength

Answer: C. Alertness

Alertness is a mental state, not a physical fitness component. [Set D 2024 Q60]

A is wrong: Endurance is a component.

B is wrong: Speed is a component.

D is wrong: Strength is a component.

61. The ability to move fast in different direction:

A. Agility
B. Balance
C. Endurance
D. Speed

Answer: A. Agility

Agility is the ability to move fast and change direction. [Set D 2024 Q98]

B is wrong: Balance is steadiness.

C is wrong: Endurance is staying power.

D is wrong: Speed is straight-line quickness.

Fitness & wellness

62. Physical Education helps in maintaining?

A. Fitness
B. Wellness
C. Balance
D. All of these

Answer: D. All of these

PE helps maintain fitness, wellness and balance in life. [Set A 2025-26 Q24]

A is wrong: "Fitness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Wellness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Balance" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

63. Fitness means?

A. Ability to do work efficiently
B. Lack of energy
C. Only strength
D. Only running

Answer: A. Ability to do work efficiently

Fitness is the ability to do daily work efficiently without undue fatigue. [Set A 2025-26 Q25]

B is wrong: Lack of energy is the opposite of fitness.

C is wrong: Strength is only one component.

D is wrong: Running is only one activity.

64. Wellness refers to?

A. Disease
B. Complete well-being
C. Weakness
D. Fatigue

Answer: B. Complete well-being

Wellness means complete well-being - physical, mental and social. [Set A 2025-26 Q26]

A is wrong: Disease is the opposite.

C is wrong: Weakness is the opposite.

D is wrong: Fatigue is a tired state, not wellness.

65. Wellness includes?

A. Physical health
B. Mental health
C. Social health
D. All of these

Answer: D. All of these

Wellness includes physical, mental and social health. [Set A 2025-26 Q45]

A is wrong: "Physical health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Mental health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Social health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

66. Which hormone is released during exercise and is known as the "feel-good" hormone?

A. Cortisol
B. Adrenaline
C. Endorphins
D. Insulin

Answer: C. Endorphins

Endorphins are released in exercise and improve mood. [Series B 2025-26 Q27]

A is wrong: Cortisol is the stress hormone.

B is wrong: Adrenaline prepares for fight or flight.

D is wrong: Insulin controls blood sugar.

67. According to WHO, what does wellness include?

A. Only physical health
B. Emotional and spiritual well-being
C. Only social health
D. Only absence of disease

Answer: B. Emotional and spiritual well-being

WHO says wellness includes emotional and spiritual well-being as well as physical health. [Series B 2025-26 Q39]

A is wrong: Physical health is only one part.

C is wrong: Social health is only one part.

D is wrong: Wellness is more than absence of disease.

68. Which of these is a key component of physical wellness?

A. Social relationships
B. Regular exercise
C. Spiritual peace
D. Stress management

Answer: B. Regular exercise

Regular exercise is the core of physical wellness. [Series B 2025-26 Q51]

A is wrong: Social relationships are social wellness.

C is wrong: Spiritual peace is spiritual wellness.

D is wrong: Stress management is mental wellness.

69. The scientific meaning of wellness is the stage of being health and _____.

A. Sorrow
B. Free from disease
C. Stress
D. Anxiety

Answer: B. Free from disease

Wellness is the state of health and freedom from disease. [Set D 2024 Q47]

A is wrong: Sorrow is the opposite.

C is wrong: Stress is the opposite.

D is wrong: Anxiety is the opposite.

70. To do daily work without any fatigue

A. Mental health
B. Dynamic ability
C. Physical fitness
D. None of the above

Answer: C. Physical fitness

Physical fitness is the ability to do daily work without undue fatigue. [Set D 2024 Q58]

A is wrong: Mental health is about the mind.

B is wrong: Dynamic ability is a narrower skill.

D is wrong: Not correct - there is a right answer among the options: Physical fitness.

Lifestyle

71. Lifestyle means?

A. Way of living
B. Only food habit
C. Only sleeping habit
D. Only sport habit

Answer: A. Way of living

Lifestyle means the overall way of living - food, activity, sleep and habits. [Set A 2025-26 Q33]

B is wrong: Food habit is only one part.

C is wrong: Sleep is only one part.

D is wrong: Sport habit is only one part.

72. A healthy lifestyle includes?

A. Balanced diet
B. Regular exercise
C. Proper rest
D. All of the above

Answer: D. All of the above

A healthy lifestyle needs balanced diet, regular exercise and proper rest. [Set A 2025-26 Q34]

A is wrong: "Balanced diet" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Regular exercise" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Proper rest" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

73. Physical activity helps in?

A. Maintaining health
B. Reducing stress
C. Improving fitness
D. All of these

Answer: D. All of these

Physical activity maintains health, reduces stress and improves fitness. [Set A 2025-26 Q35]

A is wrong: "Maintaining health" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Reducing stress" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Improving fitness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

74. Sedentary lifestyle means?

A. Active movement
B. Regular exercise
C. Lack of physical activity
D. Outdoor games only

Answer: C. Lack of physical activity

Sedentary means sitting most of the time with little physical activity. [Set A 2025-26 Q36]

A is wrong: Active movement is the opposite.

B is wrong: Regular exercise is the opposite.

D is wrong: Outdoor games are physical activity.

75. Rest and sleep are important for?

A. Recovery
B. Fatigue
C. Stress
D. Overwork

Answer: A. Recovery

Rest and sleep let the body repair muscles and recover from effort. [Set A 2025-26 Q43]

B is wrong: Fatigue is what rest removes.

C is wrong: Rest reduces stress, it is not 'for' stress.

D is wrong: Overwork is what rest prevents.

76. Stress can affect fitness by?

A. Reducing performance
B. Increasing fatigue
C. Affecting sleep
D. All of these

Answer: D. All of these

Stress hurts performance, causes fatigue and disturbs sleep. [Set A 2025-26 Q46]

A is wrong: "Reducing performance" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Increasing fatigue" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Affecting sleep" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

77. Good diet should be?

A. Balanced
B. One-sided
C. Random
D. Only oily

Answer: A. Balanced

A good diet is balanced - all nutrients in proper proportion. [Set A 2025-26 Q47]

B is wrong: One-sided diets miss nutrients.

C is wrong: A random diet has no plan.

D is wrong: Only oily food is unhealthy.

78. A healthy lifestyle is supported by?

A. Physical activity
B. Good habits

C. Proper rest
D. All of these

Answer: D. All of these

Physical activity, good habits and proper rest together support a healthy lifestyle. [Set A 2025-26 Q48]

A is wrong: "Physical activity" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Good habits" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Proper rest" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

79. What is the impact of a sedentary lifestyle on weight?

A. It helps in weight loss
B. It increases the risk of weight gain
C. It has no effect on weight
D. It increases metabolic rate

Answer: B. It increases the risk of weight gain

Little physical activity burns fewer calories, so weight gain risk rises. [Series B 2025-26 Q40]

A is wrong: Inactivity does not cause loss.

C is wrong: It does affect weight.

D is wrong: It lowers metabolic rate, not raises it.

80. According to "Health is Wealth", what is most important for a healthy body?

A. Earning money
B. Sleeping less
C. Regular exercise and nutritious food
D. Eating junk food

Answer: C. Regular exercise and nutritious food

Regular exercise and nutritious food keep the body healthy. [Series B 2025-26 Q87]

A is wrong: Earning money does not build health.

B is wrong: Sleeping less harms health.

D is wrong: Junk food harms health.

Nutrition & diet

81. Which of the following is essential for bone health?

A. Vitamin -A
B. Vitamin-C
C. Vitamin-D
D. Vitamin-K

Answer: C. Vitamin-D

Vitamin D helps the body absorb calcium, so bones stay strong. [Series B 2025-26 Q16]

A is wrong: Vitamin A is for vision.

B is wrong: Vitamin C is for immunity and skin.

D is wrong: Vitamin K is for blood clotting.

82. What is the recommended daily water intake for adults?

A. 1 glass
B. 1 litres
C. 3 litres
D. 4 litres

Answer: C. 3 litres

Adults need roughly 2-3 litres of water a day; 3 litres is the nearest option. [Series B 2025-26 Q28]

A is wrong: One glass is far too little.

B is wrong: One litre is too little.

D is wrong: Four litres is more than needed.

83. Which micronutrient is essential for the formation of Red Blood Cells?

A. Calcium
B. Iron
C. Zinc
D. Potassium

Answer: B. Iron

Iron is needed to make haemoglobin in red blood cells. [Series B 2025-26 Q29]

A is wrong: Calcium builds bones.

C is wrong: Zinc supports immunity.

D is wrong: Potassium supports nerves and muscles.

84. Which nutrient is essential for repairing tissues and supporting metabolism during weight loss?

A. Carbohydrates
B. Proteins
C. Fats
D. Sugar

Answer: B. Proteins

Protein repairs tissue and supports metabolism. [Series B 2025-26 Q43]

A is wrong: Carbohydrates give energy.

C is wrong: Fats store energy.

D is wrong: Sugar adds calories without repair.

85. Which of the following is not a component of a balanced diet?

A. Minerals
B. Vitamins
C. Junk food
D. Carbohydrates

Answer: C. Junk food

Junk food is high in fat, sugar and salt and is not part of a balanced diet. [Series B 2025-26 Q45]

A is wrong: Minerals are needed.

B is wrong: Vitamins are needed.

D is wrong: Carbohydrates are needed.

86. What is a balanced diet?

A. Eating only fruits and vegetables
B. Diet containing all nutrients in the right proportion
C. Eating high-protein food only
D. Skipping meals to lose weight

Answer: B. Diet containing all nutrients in the right proportion

A balanced diet has all nutrients in the right proportion. [Series B 2025-26 Q56]

A is wrong: Only fruits and vegetables lack protein and fat.

C is wrong: Only protein is unbalanced.

D is wrong: Skipping meals is not a diet plan.

87. Which vitamin is known as the 'sunshine vitamin'?

A. Vitamin-D
B. Vitamin-C
C. Vitamin- A
D. Vitamin -E

Answer: A. Vitamin-D

Skin makes vitamin D in sunlight, hence 'sunshine vitamin'. [Series B 2025-26 Q57]

B is wrong: Vitamin C is found in citrus fruits.

C is wrong: Vitamin A is for vision.

D is wrong: Vitamin E is an antioxidant.

88. What is the main function of Dietary Fiber?

A. To provide energy
B. To help in digestion and prevent constipation

C. To build muscles
D. To prevent viral infections

Answer: B. To help in digestion and prevent constipation

Dietary fibre aids digestion and prevents constipation. [Series B 2025-26 Q65]

A is wrong: It provides no energy.

C is wrong: Protein builds muscles.

D is wrong: It does not prevent infections.

89. What is the main cause of dehydration in the body?

A. Drinking too much water
B. Low intake of fluids
C. Vitamin deficiency
D. Sufficient sleep

Answer: B. Low intake of fluids

Dehydration happens when fluid intake is too low. [Series B 2025-26 Q89]

A is wrong: Too much water causes the opposite.

C is wrong: Vitamins do not cause it.

D is wrong: Sleep does not cause it.

90. How many amino acids make up a protein?

A. 10
B. 20
C. 30
D. 50

Answer: B. 20

Twenty amino acids make up proteins. [Set D 2024 Q24]

A is wrong: 10 is too few.

C is wrong: 30 is too many.

D is wrong: 50 is too many.

91. How many essential nutrients are there?

A. 3
B. 4
C. 5
D. 6

Answer: D. 6

Six nutrient classes are essential: carbohydrates, proteins, fats, vitamins, minerals, water. [Set D 2024 Q25]

A is wrong: 3 is too few.

B is wrong: 4 is too few.

C is wrong: 5 leaves out one class.

92. What is needed for a balanced diet?

A. Jaggery
B. Gram
C. Carbohydrate
D. All of the above

Answer: D. All of the above [answer not sure - verify]

A balanced diet needs carbohydrates, proteins and others; each item listed supplies a nutrient (jaggery and carbohydrate energy, gram protein). [Set D 2024 Q32]

A is wrong: "Jaggery" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Gram" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Carbohydrate" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

93. Which of these is not a lipid?

A. Fats
B. Oils
C. Protein
D. Waxes

Answer: C. Protein

Proteins are not lipids; fats, oils and waxes are lipids. [Set D 2024 Q34]

A is wrong: Fats are lipids.

B is wrong: Oils are lipids.

D is wrong: Waxes are lipids.

94. The richest source of protein is?

A. Pulses
B. Groundnut
C. Soyabean
D. Egg

Answer: C. Soyabean

Soyabean has about 36-40% protein, the highest here. [Set D 2024 Q75]

A is wrong: Pulses have about 20-25%.

B is wrong: Groundnut has about 25%.

D is wrong: Egg has about 13%.

95. Which nutrient is our body's main source of energy?

A. Protein
B. Water
C. Carbohydrate
D. Fat

Answer: C. Carbohydrate

Carbohydrates are the body's main source of energy. [Set D 2024 Q96]

A is wrong: Protein builds tissue.

B is wrong: Water gives no energy.

D is wrong: Fat is a reserve source.

Obesity

96. Obesity means?

A. Low body weight
B. Excess body fat
C. Only muscle gain
D. Normal body shape

Answer: B. Excess body fat

Obesity is excess accumulation of body fat. [Set A 2025-26 Q29]

A is wrong: Low body weight is underweight.

C is wrong: Muscle gain is not excess fat.

D is wrong: A normal shape is not obesity.

97. One cause of obesity is?

A. Overeating
B. Lack of exercise
C. Genetic factors
D. All of these

Answer: D. All of these

Overeating, lack of exercise and genes can each cause obesity. [Set A 2025-26 Q30]

A is wrong: "Overeating" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Lack of exercise" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Genetic factors" is true, but it is only one of the listed points - the other options are also correct, so "All of

these" is the complete answer.

98. Management of obesity includes?

A. Exercise
B. Balanced diet
C. Lifestyle change
D. All of these

Answer: D. All of these

Obesity is managed by exercise, balanced diet and lifestyle change together. [Set A 2025-26 Q31]

A is wrong: "Exercise" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Balanced diet" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Lifestyle change" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

99. A health problem caused by obesity is?

A. Diabetes
B. Heart disease
C. Joint pain
D. All of these

Answer: D. All of these

Obesity raises the risk of diabetes, heart disease and joint pain. [Set A 2025-26 Q32]

A is wrong: "Diabetes" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Heart disease" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Joint pain" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

100. Calorie balance means?

A. Calories in equal calories out
B. Eating only at night
C. Skipping meals
D. Taking supplements only

Answer: A. Calories in equal calories out

Calorie balance means energy taken in equals energy used, so weight stays steady. [Set A 2025-26 Q44]

B is wrong: Eating only at night is a habit, not balance.

C is wrong: Skipping meals upsets balance.

D is wrong: Supplements alone do not balance calories.

101. What is the most effective, sustainable approach to long-term weight management?

A. Extreme calorie restriction
B. Fad diets
C. Balanced diet and regular physical activity
D. Skipping meals

Answer: C. Balanced diet and regular physical activity

A balanced diet with regular activity changes lifestyle for good, so weight stays down. [Series B 2025-26 Q30]

A is wrong: Extreme restriction cannot be kept up.

B is wrong: Fad diets give short-term results.

D is wrong: Skipping meals slows metabolism.

102. What is the role of fiber in weight management?

A. It increases calorie intake
B. It helps in digestion and promotes satiety
C. It acts as a fat burner
D. It reduces muscle mass

Answer: B. It helps in digestion and promotes satiety

Fibre aids digestion and keeps you feeling full. [Series B 2025-26 Q31]

A is wrong: It does not add calories.

C is wrong: It is not a fat burner.

D is wrong: It does not reduce muscle.

103. Which of the following is considered a healthy snack option for weight management?

A. Potato chips
B. Fresh fruits
C. Candy bars
D. Sugary biscuits

Answer: B. Fresh fruits

Fresh fruit is low in calories and high in fibre and vitamins. [Series B 2025-26 Q41]

A is wrong: Potato chips are high in fat.

C is wrong: Candy bars are high in sugar.

D is wrong: Sugary biscuits are high in sugar.

104. What does BMI (Body Mass Index) measure?

A. Muscle density
B. Metabolic rate
C. Body fat based on height and weight
D. Bone strength

Answer: C. Body fat based on height and weight

BMI uses weight and height to indicate body fatness. [Series B 2025-26 Q42]

A is wrong: It does not measure muscle density.

B is wrong: It does not measure metabolic rate.

D is wrong: It does not measure bone strength.

105. Which of the following is not a contributor to healthy weight management?

A. Regular exercise
B. Adequate sleep
C. Skipping breakfast
D. Drinking enough water

Answer: C. Skipping breakfast

Skipping breakfast slows metabolism and leads to overeating later. [Series B 2025-26 Q44]

A is wrong: Exercise helps weight control.

B is wrong: Sleep regulates hunger hormones.

D is wrong: Water helps fullness.

106. What is the main cause of overweight and obesity?

A. Genetic mutation
B. Underactive thyroid
C. Energy imbalance between calories consumed and calories expended
D. Vitamin deficiency

Answer: C. Energy imbalance between calories consumed and calories expended

Obesity occurs when calories eaten exceed calories used. [Series B 2025-26 Q70]

A is wrong: Genes play a small role.

B is wrong: Thyroid is a rare cause.

D is wrong: Vitamin deficiency is not the cause.

107. According to the World Health Organisation (WHO), what BMI indicates that a person is obese?

A. BMI < 18.5
B. BMI 18.5-24.9
C. BMI 25.0-29.9
D. BMI >= 30.0

Answer: D. BMI >= 30.0

WHO classes BMI of 30 or more as obese. [Series B 2025-26 Q76]

A is wrong: Below 18.5 is underweight.

B is wrong: 18.5-24.9 is normal.

C is wrong: 25-29.9 is overweight.

108. How does the World Health Organisation (WHO) define 'obesity'?

A. BMI over 20
B. Abnormal or excessive fat accumulation
C. Excessive protein intake
D. Only weight above 100 kg

Answer: B. Abnormal or excessive fat accumulation

WHO defines obesity as abnormal or excessive fat accumulation that may harm health. [Series B 2025-26 Q92]

A is wrong: BMI over 20 is normal.

C is wrong: Protein intake is not the definition.

D is wrong: A fixed weight cannot define it.

109. The maximum recommended weight loss per week is:

A. 1-2 pounds
B. 4-7 pounds
C. 3-5 pounds
D. 7-10 pounds

Answer: A. 1-2 pounds

Safe weight loss is about 1-2 pounds a week. [Set D 2024 Q23]

B is wrong: 4-7 pounds is too fast.

C is wrong: 3-5 pounds is too fast.

D is wrong: 7-10 pounds is unsafe.

110. What is the full form of B.M.I.?

A. Balance Mass Index
B. Body Mass Index
C. Body Motion Index
D. Balance Motion Index

Answer: B. Body Mass Index

BMI stands for Body Mass Index. [Set D 2024 Q53]

A is wrong: Incorrect - the right answer is "Body Mass Index", not "Balance Mass Index".

C is wrong: Incorrect - the right answer is "Body Mass Index", not "Body Motion Index".

D is wrong: Incorrect - the right answer is "Body Mass Index", not "Balance Motion Index".

111. Insufficient production of insulin may cause:

A. Obesity
B. Hydration
C. Migraine
D. Diabetes

Answer: D. Diabetes

Insulin lowers blood sugar; too little insulin causes diabetes. [Set D 2024 Q77]

A is wrong: Obesity is linked to excess intake.

B is wrong: Hydration is water balance.

C is wrong: Migraine is a headache.

112. Which of the following disease does increase the risk of developing obesity?

A. Diabetes
B. Cancer
C. Cardio-Vasular disease
D. All the above

Answer: D. All the above

Diabetes, cancer and cardiovascular disease are each linked with obesity, so 'all' fits. [Set D 2024 Q84]

A is wrong: "Diabetes" is true, but it is only one of the listed points - the other options are also correct, so "All the above" is the complete answer.

B is wrong: "Cancer" is true, but it is only one of the listed points - the other options are also correct, so "All the above" is

the complete answer.

C is wrong: "Cardio-Vasular disease" is true, but it is only one of the listed points - the other options are also correct, so "All the above" is the complete answer.

113. At what point is a person considered obese?

A. 10% above normal weight
B. 15% above normal weight
C. 20% above normal weight
D. 25% above normal weight

Answer: C. 20% above normal weight

A person is usually called obese at 20% or more above normal weight. [Set D 2024 Q87]

A is wrong: 10% is only overweight.

B is wrong: 15% is only overweight.

D is wrong: 25% is beyond the usual threshold.

Unit III - Yoga and Meditation

Asana

114. Asana means?

A. Posture
B. Food
C. Game
D. Rest

Answer: A. Posture

Asana means posture. [Set A 2025-26 Q51]

B is wrong: Food is ahara.

C is wrong: Game is khel.

D is wrong: Rest is vishram.

115. Surya Namaskar is a sequence of?

A. Breathing exercises
B. Postures
C. Songs
D. Games

Answer: B. Postures

Surya Namaskar is a chain of postures done in a fixed order with breathing. [Set A 2025-26 Q54]

A is wrong: It uses breathing but is mainly postures.

C is wrong: Songs are not involved.

D is wrong: It is not a game.

116. Shavasana is also called?

A. Tree pose
B. Corpse pose
C. Cobra pose
D. Boat pose

Answer: B. Corpse pose

Shava means corpse, so Shavasana is the corpse pose of total relaxation. [Set A 2025-26 Q55]

A is wrong: Tree pose is Vrikshasana.

C is wrong: Cobra pose is Bhujangasana.

D is wrong: Boat pose is Naukasana.

117. Bhujangasana is known as?

A. Lotus pose
B. Mountain pose
C. Cobra pose
D. Thunderbolt pose

Answer: C. Cobra pose

Bhujanga means cobra; the raised chest looks like a cobra's hood. [Set A 2025-26 Q56]

A is wrong: Lotus pose is Padmasana.

B is wrong: Mountain pose is Tadasana.

D is wrong: Thunderbolt pose is Vajrasana.

118. Naukasana is called?

A. Boat pose
B. Plough pose
C. Crocodile pose
D. Wind relieving pose

Answer: A. Boat pose

Nauka means boat; the body is raised like a boat. [Set A 2025-26 Q57]

B is wrong: Plough pose is Halasana.

C is wrong: Crocodile pose is Makarasana.

D is wrong: Wind-relieving pose is Pawanmuktasana.

119. Halasana is known as?

A. Bow pose
B. Plough pose
C. Cobra pose
D. Thunderbolt pose

Answer: B. Plough pose

Hala means plough; the legs go over the head like a plough. [Set A 2025-26 Q58]

A is wrong: Bow pose is Dhanurasana.

C is wrong: Cobra pose is Bhujangasana.

D is wrong: Thunderbolt pose is Vajrasana.

120. Vajrasana means?

A. Thunderbolt pose
B. Lotus pose
C. Tree pose
D. Cat pose

Answer: A. Thunderbolt pose

Vajra means thunderbolt (diamond), so Vajrasana is the thunderbolt pose. [Set A 2025-26 Q59]

B is wrong: Lotus pose is Padmasana.

C is wrong: Tree pose is Vrikshasana.

D is wrong: Cat pose is Marjariasana.

121. Padmasana is also known as?

A. Chair pose
B. Lotus pose
C. Boat pose
D. Wind pose

Answer: B. Lotus pose

Padma means lotus, so Padmasana is the lotus pose. [Set A 2025-26 Q60]

A is wrong: Chair pose is Utkatasana.

C is wrong: Boat pose is Naukasana.

D is wrong: Wind pose is Pawanmuktasana.

122. Tadasana is called?

A. Mountain pose
B. Cobra pose
C. Bridge pose
D. Fish pose

Answer: A. Mountain pose

Tada means palm tree or mountain; Tadasana is the standing mountain pose. [Set A 2025-26 Q61]

B is wrong: Cobra pose is Bhujangasana.

C is wrong: Bridge pose is Setu Bandhasana.

D is wrong: Fish pose is Matsyasana.

123. Dhanurasana is known as?

A. Bow pose
B. Crocodile pose
C. Seated pose
D. Twist pose

Answer: A. Bow pose

Dhanu means bow; the body is bent like a drawn bow. [Set A 2025-26 Q62]

B is wrong: Crocodile pose is Makarasana.

C is wrong: Seated pose is Sukhasana.

D is wrong: Twist pose is Ardha Matsyendrasana.

124. Makarasana is called?

A. Fish pose
B. Crocodile pose
C. Lion pose
D. Bridge pose

Answer: B. Crocodile pose

Makara means crocodile, so Makarasana is the crocodile pose. [Set A 2025-26 Q63]

A is wrong: Fish pose is Matsyasana.

C is wrong: Lion pose is Simhasana.

D is wrong: Bridge pose is Setu Bandhasana.

125. Which posture is helpful for meditation?

A. Padmasana
B. Bhujangasana
C. Naukasana
D. Dhanurasana

Answer: A. Padmasana

Padmasana is a stable seated pose that keeps the spine straight, so it suits meditation. [Set A 2025-26 Q71]

B is wrong: Bhujangasana is a lying back-bend.

C is wrong: Naukasana is a lying posture.

D is wrong: Dhanurasana is a lying back-bend.

126. Which asana is considered best for improving digestion and can be done even after meals?

A. Bhujangasana
B. Vajrasana
C. Shavasana
D. Chakrasana

Answer: B. Vajrasana

Vajrasana is the only pose that can be done after meals; it improves blood flow to the digestive organs. [Series B 2025-26 Q6]

A is wrong: Bhujangasana is a back-bend that presses the abdomen - not after meals.

C is wrong: Shavasana is for relaxation, not digestion.

D is wrong: Chakrasana is a strong back-bend needing an empty stomach.

127. Asana means :

A. Posture
B. Sleep
C. Play
D. Breath

Answer: A. Posture

Asana means posture. [Series B 2025-26 Q52]

B is wrong: Sleep is nidra.

C is wrong: Play is khel.

D is wrong: Breath is prana.

128. What is the main purpose of Shavasana?

A. Strengthening muscles
B. Relaxation
C. Reducing fat
D. Speeding up breathing

Answer: B. Relaxation

Shavasana relaxes the whole body and mind. [Series B 2025-26 Q53]

A is wrong: Strengthening is not its purpose.

C is wrong: Fat reduction is not its purpose.

D is wrong: It slows, not speeds, breathing.

129. Which asana resembles a cobra with the body raised off the ground?

A. Bhujangasana
B. Vrikshasana
C. Tadasana
D. Adho Mukha Svanasana

Answer: A. Bhujangasana

Bhujangasana is the cobra pose. [Series B 2025-26 Q82]

B is wrong: Vrikshasana is the tree pose.

C is wrong: Tadasana is the mountain pose.

D is wrong: Adho Mukha Svanasana is the downward dog.

130. What is the second pose in Surya Namaskara?

A. Padahastasana
B. Parvatasana
C. Namaskarasana
D. Hastottanasana

Answer: D. Hastottanasana

Surya Namaskar order: Pranamasana, Hastauttanasana (second), Padahastasana, ... [Set D 2024 Q5]

A is wrong: Padahastasana is third.

B is wrong: Parvatasana comes later.

C is wrong: Namaskarasana is the first (prayer pose).

131. Which asana increases digestion after a meal?

A. Trikonasana
B. Hastasana
C. Vajrasana
D. Ardhamatsyendrasan

Answer: C. Vajrasana

Vajrasana improves digestion and can be done after meals. [Set D 2024 Q64]

A is wrong: Trikonasana needs an empty stomach.

B is wrong: Hastasana is a standing stretch.

D is wrong: Ardha Matsyendrasana is a twist needing an empty stomach.

132. Suryanamaskar incarparates

A. 12 mantras
B. Breathing awareness
C. Sequence of body positions
D. All of the above

Answer: D. All of the above

Surya Namaskar combines twelve mantras, breath awareness and a sequence of body positions. [Set D 2024 Q66]

A is wrong: "12 mantras" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Breathing awareness" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Sequence of body positions" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

133. Which asana is good for the thyroid gland?

A. Halasana
B. Dhanurasana
C. Veerasana
D. Matsyendrasana

Answer: A. Halasana [answer not sure - verify]

Halasana presses the neck and supports the thyroid gland (best option; other asanas are mainly for the back or hips). [Set D 2024 Q68]

B is wrong: Dhanurasana mainly stretches the front body.

C is wrong: Veerasana is a seated pose for the legs.

D is wrong: Matsyendrasana is a spinal twist.

134. Asana useful in diabetes is?

A. Virasana
B. Siddhasana
C. Mandukasana
D. Padmasana

Answer: C. Mandukasana [answer not sure - verify]

Mandukasana (frog pose) compresses the abdomen and is traditionally advised in diabetes. [Set D 2024 Q74]

A is wrong: Virasana is a sitting pose.

B is wrong: Siddhasana is a meditation pose.

D is wrong: Padmasana is a meditation pose.

135. Surya namaskar is a well devised combination of _____.

A. Yama
B. Niyam
C. Pranayam
D. Asana

Answer: D. Asana [answer not sure - verify]

Surya Namaskar is a sequence of asanas linked with breathing. [Set D 2024 Q85]

A is wrong: Yama is an ethical limb.

B is wrong: Niyama is an ethical limb.

C is wrong: Pranayama is breath control, not the base of the sequence.

Asana vs exercise

136. Which is a difference between asana and physical exercise?

A. Asana focuses only on competition
B. Asana aims at body-mind balance
C. Exercise is always spiritual
D. They are completely unrelated

Answer: B. Asana aims at body-mind balance

Asana aims at balancing body and mind; exercise mainly aims at physical fitness. [Set A 2025-26 Q65]

A is wrong: Asana is not about competition.

C is wrong: Exercise is not always spiritual.

D is wrong: They are related, so not completely unrelated.

Meditation

137. Meditation means?

A. Deep concentration
B. Loud speaking
C. Fast movement
D. Physical struggle

Answer: A. Deep concentration

Meditation (dhyana) means deep, steady concentration of the mind. [Set A 2025-26 Q69]

B is wrong: Loud speaking disturbs concentration.

C is wrong: Fast movement is not meditation.

D is wrong: Physical struggle is the opposite of calm.

138. Meditation is a necessary condition of :

A. Yoga
B. Dhyana
C. Dharana
D. Asana

Answer: A. Yoga [answer not sure - verify]

Meditation is a necessary part of yoga; this is the best fit among the options. [Series B 2025-26 Q86]

B is wrong: Dhyana is meditation itself.

C is wrong: Dharana is concentration.

D is wrong: Asana is posture.

Pranayama

139. Pranayama means?

A. Breathing control
B. Running fast
C. Jumping high
D. Lifting weights

Answer: A. Breathing control

Pranayama = prana (breath) + ayama (control), so it means breathing control. [Set A 2025-26 Q52]

B is wrong: Running fast is not breathing.

C is wrong: Jumping is not breathing.

D is wrong: Lifting weights is not breathing.

140. Anulom-Vilom is a type of?

A. Pranayama
B. Asana
C. Dance
D. Game

Answer: A. Pranayama

Anulom-Vilom is alternate-nostril breathing, which is a pranayama. [Set A 2025-26 Q64]

B is wrong: An asana is a posture.

C is wrong: It is not a dance.

D is wrong: It is not a game.

141. Pranayama is mainly related to?

A. Controlled breathing
B. Heavy lifting
C. Fast running
D. Jumping drills

Answer: A. Controlled breathing

Pranayama is the practice of controlled breathing. [Set A 2025-26 Q66]

B is wrong: Heavy lifting is strength training.

C is wrong: Fast running is cardio.

D is wrong: Jumping drills are plyometric training.

142. Deep breathing and pranayama are different because pranayama is?

A. Always uncontrolled
B. Systematic and regulated
C. Only for athletes
D. Only for dancing

Answer: B. Systematic and regulated

Pranayama is systematic and regulated (puraka, kumbhaka, rechaka); ordinary deep breathing is not. [Set A 2025-26 Q73]

A is wrong: Pranayama is controlled, not uncontrolled.

C is wrong: It is for everyone, not only athletes.

D is wrong: It is not only for dancing.

143. What is done in Bhastrika Pranayama?

A. Slow breathing
B. Rapid inhalation and exhalation
C. Holding the breath
D. Long breathing

Answer: B. Rapid inhalation and exhalation

Bhastrika means 'bellows': breath is pushed in and out rapidly and forcefully. [Series B 2025-26 Q1]

A is wrong: Slow breathing is the opposite of Bhastrika.

C is wrong: Holding the breath is kumbhaka, only a part of pranayama.

D is wrong: Long, deep breathing is a different practice (dirgha).

144. What is the main benefit of Kapalabhati Pranayama?

A. Improving digestion
B. Strengthening the respiratory system
C. Mental peace
D. Increasing energy

Answer: B. Strengthening the respiratory system [answer not sure - verify]

Kapalabhati uses forceful exhalation that cleanses and strengthens the lungs and respiratory system, so this is its main benefit. [Series B 2025-26 Q2]

A is wrong: Better digestion is a secondary effect, not the main benefit.

C is wrong: Mental calm is mainly linked to slow practices such as Anulom-Vilom.

D is wrong: Increased energy is a by-product, not the defining benefit.

145. What is the primary goal of Pranayama?

A. Increasing physical strength
B. Achieving mental peace
C. Controlling breath
D. All of the above

Answer: D. All of the above [answer not sure - verify]

Pranayama controls breath, which also builds strength and brings mental peace - all three are its aims. [Series B 2025-26 Q3]

A is wrong: "Increasing physical strength" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Achieving mental peace" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Controlling breath" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

146. Which is not a Pranayama technique?

A. Anulom-Vilom
B. Bhastrika
C. Chess
D. Kapalbhati

Answer: C. Chess

Chess is a board game; the other three are breathing techniques. [Series B 2025-26 Q4]

A is wrong: Anulom-Vilom is alternate-nostril breathing.

B is wrong: Bhastrika is bellows breathing.

D is wrong: Kapalbhati is skull-shining breathing.

147. What is the best time to practice Pranayama?

A. Morning and evening
B. Only morning

C. Only evening
D. Any time

Answer: A. Morning and evening [answer not sure - verify]

Practise in the calm of morning and evening, on an empty stomach, in fresh air. [Series B 2025-26 Q5]

B is wrong: Evening is also suitable, so 'only morning' is too narrow.

C is wrong: Morning is also suitable, so 'only evening' is too narrow.

D is wrong: It needs an empty stomach and calm, so not any time.

148. What is done in Anulom-Vilom Pranayama?

A. Breathing through one nostril
B. Breathing through both nostrils
C. Inhaling through one nostril and exhaling through the other
D. Rapid breathing

Answer: C. Inhaling through one nostril and exhaling through the other

Anulom-Vilom: inhale through one nostril and exhale through the other, alternately. [Series B 2025-26 Q20]

A is wrong: One nostril only is incomplete - the other is used too.

B is wrong: Both together is ordinary breathing.

D is wrong: Rapid breathing is Bhastrika or Kapalbhati.

149. What is the process of breathing in Pranayama called?

A. Purak
B. Kumbhak
C. Rechaka
D. All of the above

Answer: A. Purak [answer not sure - verify]

Puraka is the inhalation (breathing in); kumbhaka is holding and rechaka is exhaling. Because the question says 'breathing in', the answer is Purak. [Series B 2025-26 Q46]

B is wrong: Kumbhaka is holding the breath.

C is wrong: Rechaka is exhaling.

D is wrong: The three are different stages, so they are not all 'breathing in'.

150. What are the benefits of Pranayama?

A. Reduces stress
B. Increases concentration
C. Strengthens the respiratory system
D. All of the above

Answer: D. All of the above

Pranayama reduces stress, improves concentration and strengthens breathing. [Series B 2025-26 Q47]

A is wrong: "Reduces stress" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Increases concentration" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Strengthens the respiratory system" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

151. What should be done before Pranayama?

A. Exercise
B. Sitting quietly
C. Eating food
D. Drinking water

Answer: B. Sitting quietly

Sit quietly first to settle the mind and breath. [Series B 2025-26 Q58]

A is wrong: Exercise raises the breath rate.

C is wrong: Eating before pranayama causes discomfort.

D is wrong: Drinking water just before is not advised.

152. What does pranayama mean?

A. Holding the breath
B. Rapid breathing
C. Controlling the breath
D. Slow breathing

Answer: C. Controlling the breath

Pranayama = prana + ayama, control of breath. [Series B 2025-26 Q59]

A is wrong: Holding is only one stage.

B is wrong: Rapid breathing is only some types.

D is wrong: Slow breathing is only some types.

153. What is the Sanskrit word for 'Breath' in Yoga?

A. Asana
B. Prana
C. Dharma
D. Karma

Answer: B. Prana

Prana is breath or life force. [Series B 2025-26 Q91]

A is wrong: Asana is posture.

C is wrong: Dharma is duty.

D is wrong: Karma is action.

154. The word Kapalbhati has bhati:

A. Aura
B. Light
C. Kanti
D. All of the above

Answer: B. Light [answer not sure - verify]

'Kapala' means skull/forehead and 'bhati' means light or shining, so Kapalbhati is the practice that makes the head shine. [Set D 2024 Q4]

A is wrong: Aura is not the meaning of bhati.

C is wrong: Kanti is lustre, a related but different word.

D is wrong: Not all options translate bhati.

155. Which Pranayama is all about the imitating the sound of Sea Sound or Wave?

A. Kapalbhati pranayama
B. Shitali pranayama
C. Ujjayi pranayama
D. Dirgaya pranayama

Answer: C. Ujjayi pranayama

Ujjayi makes a soft ocean-wave sound in the throat. [Set D 2024 Q50]

A is wrong: Kapalbhati is forceful exhalation.

B is wrong: Shitali is cooling breath through the tongue.

D is wrong: Dirgha is long deep breathing.

156. Which of the following Kriya is beneficial for reducing excess fats from the body?

A. Kapalbhati
B. Agnisara Kriya
C. Trataka
D. None of the above

Answer: B. Agnisara Kriya [answer not sure - verify]

Agnisara kriya vigorously pulls the abdomen in and out and burns abdominal fat; Kapalbhati is also said to help, so this is the best fit. [Set D 2024 Q70]

A is wrong: Kapalbhati cleans the lungs mainly.

C is wrong: Trataka is eye gazing.

D is wrong: Not correct - there is a right answer among the options: Agnisara Kriya.

Yoga & mental health

157. Yoga helps in mental health by?

A. Reducing stress
B. Improving concentration
C. Creating calmness
D. All of these

Answer: D. All of these

Yoga reduces stress, improves concentration and brings calmness. [Set A 2025-26 Q53]

A is wrong: "Reducing stress" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Improving concentration" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Creating calmness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

158. Yoga is related to value education because it develops?

A. Discipline
B. Self-control
C. Patience
D. All of these

Answer: D. All of these

Yoga builds discipline, self-control and patience - the core of value education. [Set A 2025-26 Q67]

A is wrong: "Discipline" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Self-control" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Patience" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

159. Yoga practice can improve?

A. Flexibility
B. Balance
C. Mental peace
D. All of these

Answer: D. All of these

Yoga improves flexibility, balance and mental peace. [Set A 2025-26 Q74]

A is wrong: "Flexibility" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Balance" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Mental peace" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

160. The power of concentration is possible through :

A. Viyoga
B. Yoga
C. Sadhana
D. Asana

Answer: B. Yoga

Yoga trains the mind to stay focused. [Series B 2025-26 Q75]

A is wrong: Viyoga means separation.

C is wrong: Sadhana is practice in general.

D is wrong: Asana is only posture.

161. Which powers can be developed in yoga?

A. Mental
B. Secret
C. Physical
D. All of the above

Answer: D. All of the above

Yoga can develop mental, physical and subtle powers. [Set D 2024 Q62]

A is wrong: "Mental" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Secret" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Physical" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

Yoga & sports

162. Yoga and sports are related because yoga helps in?

A. Flexibility
B. Concentration
C. Recovery
D. All of these

Answer: D. All of these

Yoga improves flexibility, concentration and recovery, all useful in sports. [Set A 2025-26 Q68]

A is wrong: "Flexibility" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Concentration" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Recovery" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

163. Yoga helps improve which component of fitness the most?

A. Flexibility
B. Speed
C. Muscle strength
D. Agility

Answer: A. Flexibility

Yoga improves flexibility the most through stretching postures. [Set D 2024 Q88]

B is wrong: Speed needs sprint training.

C is wrong: Muscle strength needs resistance training.

D is wrong: Agility needs quick-movement drills.

Yoga basics

164. Yoga originated in?

A. India
B. China
C. Japan
D. USA

Answer: A. India

Yoga began in ancient India. [Set A 2025-26 Q49]

B is wrong: China is known for Tai Chi, not yoga's origin.

C is wrong: Japan is not yoga's origin.

D is wrong: USA is not yoga's origin.

165. The word Yoga means?

A. Union
B. Separation
C. Competition
D. Exercise

Answer: A. Union

Yoga comes from the Sanskrit root 'yuj' meaning to join - union of body, mind and spirit. [Set A 2025-26 Q50]

B is wrong: Separation is the opposite.

C is wrong: Competition is not meant.

D is wrong: Exercise is only part of yoga.

166. Yoga history is associated with?

A. Ancient Indian tradition
B. Modern technology
C. Industrial training
D. Computer science

Answer: A. Ancient Indian tradition

Yoga is a part of the ancient Indian tradition. [Set A 2025-26 Q70]

B is wrong: It is not modern technology.

C is wrong: It is not industrial training.

D is wrong: It is not computer science.

167. Yoga practice should be done with?

A. Patience
B. Regularity
C. Proper breathing
D. All of these

Answer: D. All of these

Patience, regularity and proper breathing are all needed in yoga practice. [Set A 2025-26 Q72]

A is wrong: "Patience" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Regularity" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Proper breathing" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

168. Wisdom is related to :

A. Bhakti
B. Karma
C. Gyana
D. Study

Answer: C. Gyana

Gyana (jnana) yoga is the path of knowledge and wisdom. [Series B 2025-26 Q54]

A is wrong: Bhakti is devotion.

B is wrong: Karma is action.

D is wrong: Study is only a method.

169. The Oldest text book of Yoga is :

A. Raja Yoga
B. Yoga Sutra
C. Yogasamhita
D. Karma Yoga

Answer: B. Yoga Sutra [answer not sure - verify]

Patanjali's Yoga Sutra is the classical foundation text of yoga. [Series B 2025-26 Q60]

A is wrong: Raja Yoga is a path, not a book.

C is wrong: Yogasamhita is not the standard first text.

D is wrong: Karma Yoga is a path.

170. Yoga Sutra has_____parts.

A. three
B. two
C. four
D. five

Answer: C. four

Yoga Sutra has four padas: Samadhi, Sadhana, Vibhuti, Kaivalya. [Series B 2025-26 Q71]

A is wrong: Incorrect - the right answer is "four", not "three".

B is wrong: Incorrect - the right answer is "four", not "two".

D is wrong: Incorrect - the right answer is "four", not "five".

171. The first part of Yoga Sutra deals with :

A. Samadhi
B. Niyam
C. Asana
D. Yama

Answer: A. Samadhi

The first pada is Samadhi Pada. [Series B 2025-26 Q72]

B is wrong: Niyama is in Sadhana Pada.

C is wrong: Asana is in Sadhana Pada.

D is wrong: Yama is in Sadhana Pada.

172. Yoga Sutra is written by :

A. Patanjali
B. Kanada
C. Kapil
D. Yogi

Answer: A. Patanjali

Patanjali wrote the Yoga Sutra. [Series B 2025-26 Q73]

B is wrong: Kanada founded Vaisheshika.

C is wrong: Kapila founded Samkhya.

D is wrong: Yogi is a general word.

173. The Founder of Yoga system is :

A. Kapila
B. Jaimini
C. Patanjali
D. Yogacharya

Answer: C. Patanjali

Patanjali is the founder of the yoga system. [Series B 2025-26 Q74]

A is wrong: Kapila founded Samkhya.

B is wrong: Jaimini founded Mimamsa.

D is wrong: Yogacharya is a title.

174. Niyama is :

A. Body
B. Physical preparation
C. Ethical preparation
D. Law

Answer: C. Ethical preparation [answer not sure - verify]

Niyama (with Yama) forms the ethical preparation for yoga. [Series B 2025-26 Q81]

A is wrong: Body is Asana.

B is wrong: Physical preparation is Asana/Pranayama.

D is wrong: It is a discipline, not a law.

175. What is the name of the cleansing practices in yoga?

A. Mudras
B. Asanas
C. Pranayams
D. Shatkriyas

Answer: D. Shatkriyas

Shatkriyas are the six cleansing practices. [Series B 2025-26 Q84]

A is wrong: Mudras are gestures.

B is wrong: Asanas are postures.

C is wrong: Pranayama is breathing.

176. When is International Day of Yoga celebrated?

A. June 21st
B. March 20th
C. August 15th
D. December 10th

Answer: A. June 21st

International Yoga Day is on 21 June. [Series B 2025-26 Q85]

B is wrong: March 20 is not it.

207. Aerobics is mainly used for?

A. Fitness
B. Hunger
C. Sleep
D. Homework

Answer: A. Fitness

Aerobics is used to build fitness, especially cardio fitness. [Set A 2025-26 Q86]

B is wrong: Hunger is a feeling.

C is wrong: Sleep is rest.

D is wrong: Homework is study.

208. Zumba is a form of?

A. Dance fitness
B. Cooking
C. Swimming
D. Writing

Answer: A. Dance fitness

Zumba combines dance and aerobic exercise. [Set A 2025-26 Q87]

B is wrong: Cooking is a household activity.

C is wrong: Swimming is a sport.

D is wrong: Writing is academic.

209. Recreation in Physical Education supports?

A. Stress relief
B. Freshness
C. Better mood
D. All of these

Answer: D. All of these

Recreation relieves stress, brings freshness and improves mood. [Set A 2025-26 Q88]

A is wrong: "Stress relief" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Freshness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Better mood" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

210. Which of the following is an outdoor recreational activity?

A. Camping
B. Reading
C. Painting
D. Puzzles

Answer: A. Camping

Camping is done outdoors, so it is an outdoor recreational activity. [Set A 2025-26 Q89]

B is wrong: Reading is usually indoor.

C is wrong: Painting is usually indoor.

D is wrong: Puzzles are usually indoor.

211. Which of the following is an indoor recreational activity?

A. Chess
B. Running
C. Cycling
D. Trekking

Answer: A. Chess

Chess is played indoors, so it is an indoor recreational activity. [Set A 2025-26 Q90]

B is wrong: Running is outdoors.

C is wrong: Cycling is outdoors.

D is wrong: Trekking is outdoors.

212. Recreation helps in?

A. Relaxation
B. Mental freshness
C. Energy restoration
D. All of these

Answer: D. All of these

Recreation helps in relaxation, mental freshness and restoring energy. [Set A 2025-26 Q92]

A is wrong: "Relaxation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Mental freshness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Energy restoration" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

213. Physical education and recreation are related because recreation provides?

A. Recovery
B. Joy
C. Motivation
D. All of these

Answer: D. All of these

Recreation gives recovery, joy and motivation, which is why PE uses it. [Set A 2025-26 Q93]

A is wrong: "Recovery" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Joy" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Motivation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

214. A good recreational programme should be?

A. Interesting
B. Safe
C. Inclusive
D. All of these

Answer: D. All of these

A good recreational programme should be interesting, safe and inclusive. [Set A 2025-26 Q96]

A is wrong: "Interesting" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Safe" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Inclusive" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

215. Physical Education uses recreation to build?

A. Healthy habits
B. Social skills
C. Positive attitude
D. All of these

Answer: D. All of these

PE uses recreation to build healthy habits, social skills and a positive attitude. [Set A 2025-26 Q97]

A is wrong: "Healthy habits" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Social skills" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Positive attitude" is true, but it is only one of the listed points - the other options are also correct, so "All of

these" is the complete answer.

216. Recreation is important because it reduces?

A. Stress

224. One benefit of traditional games is?

A. Physical fitness
B. Social bonding
C. Cultural preservation
D. All of these

Answer: D. All of these

Traditional games give fitness, social bonding and cultural preservation. [Set A 2025-26 Q79]

A is wrong: "Physical fitness" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Social bonding" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Cultural preservation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

225. Traditional games help preserve?

A. Culture
B. Language
C. Local traditions
D. All of these

Answer: D. All of these

Traditional games keep alive culture, language and local traditions. [Set A 2025-26 Q80]

A is wrong: "Culture" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Language" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Local traditions" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

226. How to design a traditional game?

A. Using simple rules and local materials
B. Only with expensive equipment
C. Only indoors
D. Only online

Answer: A. Using simple rules and local materials

Traditional games use simple rules and local materials, so they are cheap and easy to play. [Set A 2025-26 Q81]

B is wrong: Expensive equipment defeats their purpose.

C is wrong: They are often played outdoors.

D is wrong: They are played in person, not online.

227. Traditional games are generally?

A. Low-cost
B. Simple
C. Accessible
D. All of these

Answer: D. All of these

Traditional games are low-cost, simple and easily accessible. [Set A 2025-26 Q91]

A is wrong: "Low-cost" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Simple" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Accessible" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

228. Which game is traditionally played in many Indian villages?

A. Gilli-Danda
B. Table tennis
C. Basketball
D. Baseball

Answer: A. Gilli-Danda

Gilli-Danda is a traditional game played in many Indian villages. [Set A 2025-26 Q94]

B is wrong: Table tennis is a modern indoor sport.

C is wrong: Basketball is a modern sport.

D is wrong: Baseball is a foreign sport.

229. The main feature of traditional games is?

A. Local culture
B. Fun
C. Community participation
D. All of these

Answer: D. All of these

Traditional games reflect local culture, are fun and involve the community. [Set A 2025-26 Q95]

A is wrong: "Local culture" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Fun" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Community participation" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

230. Traditional games should be promoted because they are?

A. Cultural
B. Healthy
C. Affordable
D. All of these

Answer: D. All of these

Traditional games deserve promotion because they are cultural, healthy and affordable. [Set A 2025-26 Q99]

A is wrong: "Cultural" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Healthy" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Affordable" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

231. Traditional games help children develop?

A. Coordination
B. Agility
C. Team spirit
D. All of these

Answer: D. All of these

Traditional games develop coordination, agility and team spirit. [Set A 2025-26 Q100]

A is wrong: "Coordination" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

B is wrong: "Agility" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

C is wrong: "Team spirit" is true, but it is only one of the listed points - the other options are also correct, so "All of these" is the complete answer.

232. What is the traditional Indian name for 'Marbles'?

A. Gatte
B. Kanche
C. Pithu
D. Gilli

Answer: B. Kanche

Answer: C. Small stones

Gutte are small stones picked up and tossed in the game. [Series B 2025-26 Q8]

A is wrong: Glass is used for marbles, not Gutte.

B is wrong: Plastic is a modern material.

D is wrong: Metal is not traditional for this game.

234. Which is the most important marble in the game of marbles?

A. Banti
B. Nishana
C. Raja
D. Gota/shooter)

Answer: D. Gota/shooter) [answer not sure - verify]

The shooter marble (gota) is the one you flick to hit the others, so it is the key marble. [Series B 2025-26 Q9]

A is wrong: Banti is not the standard name for the key marble.

B is wrong: Nishana means the target, not the key marble.

C is wrong: Raja is not a standard marble name.

235. How many 'Gutte' are typically used in the game of Gatte?

A. 2
B. 5
C. 10
D. 1

Answer: B. 5

Gatte is traditionally played with five small stones. [Series B 2025-26 Q10]

A is wrong: Two is too few for tossing and catching in steps.

C is wrong: Ten is more than the game uses.

D is wrong: One stone cannot form the steps of the game.

236. What does it mean if a player 'Gots' in Marbles?

A. He wins the game
B. He loses his turn
C. He gets an extra shot
D. He hits the target

Answer: D. He hits the target [answer not sure - verify]

In marbles the shooter is the 'gota'; hitting the target is the closest meaning among the options. [Series B 2025-26 Q21]

A is wrong: Winning needs more than one shot.

B is wrong: Losing a turn is a foul, not 'gots'.

C is wrong: An extra shot is a reward, not this term.

237. What is the main item needed to play Stapu (Hopscotch)?

A. A bat
B. A ball
C. A marker/stone (Thippi)
D. A rope

Answer: C. A marker/stone (Thippi)

A marker stone (thippi) is thrown into the boxes. [Series B 2025-26 Q32]

A is wrong: A bat is not used.

B is wrong: A ball is not used.

D is wrong: A rope is not used.

238. How do players move through the boxes in Stapu?

A. By running
B. By hopping on one leg
C. By crawling
D. By walking backward

Answer: B. By hopping on one leg

Players hop on one leg through the boxes. [Series B 2025-26 Q33]

A is wrong: Running is not allowed.

C is wrong: Crawling is not part of it.

D is wrong: Walking backward is not part of it.

239. In Stapu, what happens if the stone lands on the line?

A. You get bonus points
B. You continue playing
C. You lose your turn (foul)
D. The game ends

Answer: C. You lose your turn (foul)

If the stone lands on a line it is a foul and the player loses the turn. [Series B 2025-26 Q34]

A is wrong: There is no bonus.

B is wrong: You cannot continue after a foul.

D is wrong: The game does not end, only the turn.

240. Which of these skills is developed by playing Stapu?

A. Reading
B. Balance and coordination
C. Singing
D. Typing

Answer: B. Balance and coordination

Hopping through boxes trains balance and coordination. [Series B 2025-26 Q35]

A is wrong: Reading is not trained.

C is wrong: Singing is not trained.

D is wrong: Typing is not trained.

241. Which place is most suitable for playing 'marbles'?

A. Concrete floor
B. Soft soil/ground
C. Carpet
D. Ice

Answer: B. Soft soil/ground

Soft soil lets marbles roll and be flicked properly. [Series B 2025-26 Q36]

A is wrong: Concrete makes marbles bounce away.

C is wrong: Carpet stops rolling.

D is wrong: Ice is slippery.

242. What is the main objective in the game of Gatte?

A. To break the stones
B. To throw the stones far
C. To toss and catch stones in different steps
D. To hide the stones

Answer: C. To toss and catch stones in different steps

Gatte is played by tossing and catching stones in different steps. [Series B 2025-26 Q37]

A is wrong: Stones are not broken.

B is wrong: Throwing far is not the aim.

D is wrong: Hiding stones is not the aim.

243. What is the meaning of 'Kacchi' in the game of marbles?

A. Wrong shot
B. Playing field
C. To lose
D. To win

Answer: A. Wrong shot [answer not sure - verify]

In marbles 'kacchi' is a faulty (wrong) shot - the best fit among the options. [Series B 2025-26 Q38]

B is wrong: The playing field has another name.

C is wrong: To lose is not its meaning.

D is wrong: To win is not its meaning.

244. How many sticks are used in the game of Gilli- Danda?

A. One
B. Two
C. Three
D. None of these

Answer: B. Two

Gilli-Danda uses two sticks - the long danda and the small gilli. [Series B 2025-26 Q48]

A is wrong: One stick cannot make the game.

C is wrong: Incorrect - the right answer is "Two", not "Three".

D is wrong: Not correct - there is a right answer among the options: Two.

245. What is the smaller stick in Gilli-Danda called?

A. Danda

B. Bat
C. Gilli
D. Ball

Answer: C. Gilli

The small stick is the gilli. [Series B 2025-26 Q49]

A is wrong: Danda is the big stick.

B is wrong: A bat is not used.

D is wrong: No ball is used.

246. Gilli-Danda is primarily what type of game?

A. Indoor game
B. Outdoor game
C. Video game
D. Board game

Answer: B. Outdoor game

Gilli-Danda is played in open ground. [Series B 2025-26 Q50]

A is wrong: It is not an indoor game.

C is wrong: It is not a video game.

D is wrong: It is not a board game.

Sports & General (asked in the papers)

Anatomy & health

247. Types of muscles in human body:

A. One
B. Two
C. Three
D. Four

Answer: C. Three

Human muscles are of three types: skeletal, smooth and cardiac. [Set D 2024 Q6]

A is wrong: One is too few.

B is wrong: Two leaves out one type.

D is wrong: Four is too many.

248. Weight percentage of muscles in human body is:

A. 40-45%
B. 65-70%
C. 90-95%
D. 25-30%

Answer: A. 40-45%

Muscles make up about 40-45% of body weight. [Set D 2024 Q7]

B is wrong: 65-70% is too high.

C is wrong: 90-95% is far too high.

D is wrong: 25-30% is too low.

249. No of muscles in human body

A. 206
B. 300
C. 639
D. 560

Answer: C. 639

The human body has about 639 muscles. [Set D 2024 Q8]

A is wrong: 206 is the number of bones.

B is wrong: 300 is not the count.

D is wrong: 560 is not the count.

250. What is Anatomy?

A. Study of body structure
B. Study of ribosome
C. Both (A) and (B)
D. None of the above

Answer: A. Study of body structure

Anatomy is the study of the structure of the body. [Set D 2024 Q9]

B is wrong: Ribosomes belong to cell biology.

C is wrong: Not correct - only "Study of body structure" is right, so 'both' does not hold.

D is wrong: Not correct - there is a right answer among the options: Study of body structure.

251. The trachea is connected?

A. From the digestive tract
B. From the respiratory tract
C. From emissions
D. From the circulatory system

Answer: B. From the respiratory tract

The trachea (windpipe) is part of the respiratory tract. [Set D 2024 Q27]

A is wrong: The digestive tract carries food.

C is wrong: Emissions is not a body system.

D is wrong: The circulatory system carries blood.

252. What is the factor affecting growth and development?

A. Heredity
B. Vitamin
C. Environment
D. All of the above

Answer: D. All of the above

Heredity, nutrition (vitamins) and environment all affect growth and development. [Set D 2024 Q28]

A is wrong: "Heredity" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

B is wrong: "Vitamin" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

C is wrong: "Environment" is true, but it is only one of the listed points - the other options are also correct, so "All of the above" is the complete answer.

253. When was the World Health Organization established?

A. 7 April 1948
B. 4 May 1966
C. 1 May 1955
D. 8 March 1955

Answer: A. 7 April 1948

WHO was established on 7 April 1948, celebrated as World Health Day. [Set D 2024 Q30]

B is wrong: Incorrect - the right answer is "7 April 1948", not "4 May 1966".

C is wrong: Incorrect - the right answer is "7 April 1948", not "1 May 1955".

D is wrong: Incorrect - the right answer is "7 April 1948", not "8 March 1955".

254. The normal temperature of a healthy body is?

A. 34 C
B. 36 C
C. 37 C
D. 38 C

Answer: C. 37 C

Normal human body temperature is about 37 C. [Set D 2024 Q33]

A is wrong: 34 C is too low.

B is wrong: 36 C is slightly low.

D is wrong: 38 C is a fever.

255. How long should you check for breathing while performing CPR?

A. Do not check for breathing
B. 5 seconds
C. 2 seconds
D. No longer is 10 second

Answer: D. No longer is 10 second

In CPR check for breathing for no more than 10 seconds so compressions are not delayed. [Set D 2024 Q41]

A is wrong: You must check.

B is wrong: 5 seconds is too short to be sure.

C is wrong: 2 seconds is too short.

256. The number of bones in Cranium is:

A. 4
B. 6
C. 8
D. 10

Answer: C. 8

The cranium (skull) has 8 bones. [Set D 2024 Q56]

A is wrong: 4 is too few.

B is wrong: 6 is too few.

D is wrong: 10 is too many.

257. Which of the following systems of the body is the focal point in movement?

A. Circulatory system
B. Nervous system
C. Respiratory system
D. Muscular system

Answer: D. Muscular system [answer not sure - verify]

The muscular system produces movement by contracting the muscles (nerves only signal them). [Set D 2024 Q72]

A is wrong: The circulatory system carries blood.

B is wrong: The nervous system controls, but muscles move the body.

C is wrong: The respiratory system supplies air.

258. How many times does the heart of an adult human beat in 01 minute?

A. 70
B. 72
C. 74
D. 76

Answer: B. 72

An adult heart beats about 72 times a minute. [Set D 2024 Q76]

A is wrong: 70 is slightly low.

C is wrong: 74 is slightly high.

D is wrong: 76 is slightly high.

Olympics

259. Olympic Games are organised for how many days?

A. 15
B. 16
C. 18
D. 21

Answer: B. 16

The modern Olympic Games run for about 16 days. [Series B 2025-26 Q61]

A is wrong: 15 days is too short.

C is wrong: 18 days is too long.

D is wrong: 21 days is too long.

260. The ancient Olympic Games were held in honour of which Greek God?

A. Zeus
B. Apollo
C. Poseidon
D. Hermes

Answer: A. Zeus

The ancient Olympics honoured Zeus at Olympia. [Series B 2025-26 Q77]

B is wrong: Apollo is the god of music.

C is wrong: Poseidon is the sea god.

D is wrong: Hermes is the messenger god.

261. How many continents participate in the Olympics?

A. 4
B. 5
C. 6
D. 7

Answer: B. 5 [answer not sure - verify]

The five rings stand for five continents. [Series B 2025-26 Q96]

A is wrong: Four is too few: Africa, Americas, Asia, Europe and Oceania make five.

C is wrong: Six is more than the five rings.

D is wrong: Seven continents exist, but the Olympic symbol shows five.

262. What is the meaning of the olympic motto?

A. Citius, Altius, Fortius.
B. Progressive, Faster, Stronger
C. Swifter, Higher, Committed
D. None of these

Answer: A. Citius, Altius, Fortius.

Citius, Altius, Fortius means Faster, Higher, Stronger. [Series B 2025-26 Q97]

B is wrong: Progressive is not part of it.

C is wrong: Committed is not part of it.

D is wrong: Not correct - there is a right answer among the options: Citius, Altius, Fortius..

263. The first Asian Games were held in which country?

A. India
B. Greece
C. China
D. Rome

Answer: A. India

The first Asian Games were held in New Delhi, India, in 1951. [Series B 2025-26 Q98]

B is wrong: Greece hosted the first modern Olympics.

C is wrong: China hosted later.

D is wrong: Rome hosted the 1960 Olympics.

264. In 1896, which of the Olympic games was held?

A. First
B. Second
C. Third
D. Sixth

Answer: A. First

The 1896 Games in Athens were the first modern Olympics. [Set D 2024 Q55]

B is wrong: Second was 1900.

C is wrong: Third was 1904.

D is wrong: Sixth was 1912.

265. Who gave Olympic Motto Citius, Altius, Fortius?

A. Father Henri Didon

B. Baren Pierre de Coubertin
C. IOC
D. None of the above

Answer: A. Father Henri Didon [answer not sure - verify]

The motto was proposed by Father Henri Didon and adopted by Pierre de Coubertin for the IOC. [Set D 2024 Q57]

B is wrong: Coubertin adopted and popularised it.

C is wrong: The IOC adopted it, did not create it.

D is wrong: Not correct - there is a right answer among the options: Father Henri Didon.

266. From which city the first modern Olympic begin?

A. Paris
B. USA
C. Athens
D. London

Answer: C. Athens

The first modern Olympics were held in Athens in 1896. [Set D 2024 Q91]

A is wrong: Paris held the 1900 Games.

B is wrong: The USA hosted in 1904.

D is wrong: London held the 1908 Games.

267. In which year were the first Asian games held?

A. 1950
B. 1951
C. 1952
D. 1953

Answer: B. 1951

The first Asian Games were held in New Delhi in 1951. [Set D 2024 Q92]

A is wrong: Incorrect - the right answer is "1951", not "1950".

C is wrong: Incorrect - the right answer is "1951", not "1952".

D is wrong: Incorrect - the right answer is "1951", not "1953".

268. After how many year gap are the Olympic game held?

A. 3 year
B. 4 year
C. 5 year
D. 6 year

Answer: B. 4 year

The Olympics are held every four years. [Set D 2024 Q94]

A is wrong: Incorrect - the right answer is "4 year", not "3 year".

C is wrong: Incorrect - the right answer is "4 year", not "5 year".

D is wrong: Incorrect - the right answer is "4 year", not "6 year".

Rules & facts

269. Number of field umpires in Cricket is :

A. 1
B. 2
C. 3
D. 4

Answer: B. 2

Cricket has two on-field umpires. [Series B 2025-26 Q17]

A is wrong: One cannot cover both ends.

C is wrong: Three is not the on-field number.

D is wrong: Four is too many.

270. Who felicitates Arjuna Award?

A. President

B. Prime Minister
C. Governor
D. None of the above

Answer: A. President

The President of India presents the Arjuna Award. [Series B 2025-26 Q18]

B is wrong: The Prime Minister does not present it.

C is wrong: A Governor does not present it.

D is wrong: Not correct - there is a right answer among the options: President.

271. What is NIS primarily famous for?

A. Cricket Coaching
B. Diploma in Sports Coaching & Science
C. Diploma in Sports Management
D. Only Yoga

Answer: B. Diploma in Sports Coaching & Science

NIS (Patiala) is famous for training coaches through a Diploma in Sports Coaching. [Series B 2025-26 Q19]

A is wrong: It is not only for cricket.

C is wrong: Sports management is not its main fame.

D is wrong: It is not only for yoga.

272. Saina Nehwal is related to which sports?

A. Badminton
B. Tennis
C. Basketball
D. Volleyball

Answer: A. Badminton

Saina Nehwal is a badminton champion. [Series B 2025-26 Q62]

B is wrong: Tennis is Sania Mirza.

C is wrong: Basketball is not her sport.

D is wrong: Volleyball is not her sport.

273. Number of players playing in a Football team is :

A. 11
B. 12
C. 14
D. 16

Answer: A. 11

A football team has 11 players on the field. [Series B 2025-26 Q63]

B is wrong: 12 is not the number.

C is wrong: 14 is not the number.

D is wrong: 16 is not the number.

274. Number of players playing in a Hockey team is:

A. 11
B. 12
C. 14
D. 16

Answer: A. 11

A hockey team has 11 players on the field. [Series B 2025-26 Q64]

B is wrong: 12 is not the number.

C is wrong: 14 is not the number.

D is wrong: 16 is not the number.

275. From following sports, identify the one which is known as multi sprint event:

A. Badminton
B. Cricket
C. Soccer

D. Table-Tennis

Answer: C. Soccer

Football (soccer) involves repeated short sprints during a match. [Set D 2024 Q11]

A is wrong: Badminton is quick but not a multi-sprint field event.

B is wrong: Cricket has few sprints.

D is wrong: Table tennis is a short-court game.

276. A player intentionally using deception or dishonesty to gain an unfair advantage is an example of:

A. Sports manship
B. Fair play
C. Cheating
D. Gamesmanship

Answer: C. Cheating

Using deception to gain an unfair advantage is cheating. [Set D 2024 Q12]

A is wrong: Sportsmanship is honest behaviour.

B is wrong: Fair play is honest behaviour.

D is wrong: Gamesmanship is bending rules without breaking them.

277. Distance of Marathon race is:

A. 43.195 Km.
B. 42.195 Km.
C. 41.185 Km.
D. 40.165 Km.

Answer: B. 42.195 Km.

A marathon is 42.195 km. [Set D 2024 Q13]

A is wrong: Incorrect - the right answer is "42.195 Km.", not "43.195 Km.".

C is wrong: Incorrect - the right answer is "42.195 Km.", not "41.185 Km.".

D is wrong: Incorrect - the right answer is "42.195 Km.", not "40.165 Km.".

278. In Kho-Kho, the central squares occupied by the Chasers measure:

A. 20 cm x 20 cm
B. 40 cm x 40 cm
C. 30 cm x 35 cm
D. 25 cm x 30 cm

Answer: C. 30 cm x 35 cm

In Kho-Kho the central lane squares measure 30 cm x 35 cm. [Set D 2024 Q14]

A is wrong: 20 x 20 cm is too small.

B is wrong: 40 x 40 cm is too large.

D is wrong: 25 x 30 cm is not the rule.

279. In which country did the sport of Kabaddi originate?

A. India
B. Japan
C. Iran
D. Bangladesh

Answer: A. India

Kabaddi is an ancient Indian game. [Set D 2024 Q15]

B is wrong: Japan is known for sumo.

C is wrong: Iran took it up later.

D is wrong: Bangladesh plays it but did not originate it.

280. How many types of out in Cricket?

A. 5
B. 7
C. 10
D. 11

Answer: C. 10 [answer not sure - verify]

The Laws of Cricket list ten ways of getting out; this is the best match. [Set D 2024 Q17]

A is wrong: Five is too few.

B is wrong: Seven is too few.

D is wrong: Eleven is more than the Laws list.

281. Which game is called the "Mother of sports"?

A. Hockey
B. Gymnastics
C. Swimming
D. Athletics

Answer: D. Athletics [answer not sure - verify]

Athletics (track and field) is commonly called the mother of sports. (Some PE books call gymnastics the mother of games.) [Set D 2024 Q18]

A is wrong: Hockey is a team sport.

B is wrong: Gymnastics is called mother of games in the German system, but athletics is the usual answer.

C is wrong: Swimming is a sport, not 'mother of sports'.

282. Which of the following events is not included in women's Gymnastics competition?

A. Pommel horse
B. Floor exercises
C. Uneven bars
D. Vaulting

Answer: A. Pommel horse

Pommel horse is a men's apparatus. [Set D 2024 Q19]

B is wrong: Floor exercise is in women's gymnastics.

C is wrong: Uneven bars are only for women.

D is wrong: Vaulting is in women's gymnastics.

283. Height of the antenna in Volleyball is:

A. 1.80 m
B. 1.60 m
C. 1.40 m
D. 1.20 m

Answer: A. 1.80 m

A volleyball antenna is 1.80 m long. [Set D 2024 Q20]

B is wrong: Incorrect - the right answer is "1.80 m", not "1.60 m".

C is wrong: Incorrect - the right answer is "1.80 m", not "1.40 m".

D is wrong: Incorrect - the right answer is "1.80 m", not "1.20 m".

284. What is the maximum number of players allowed in a cricket team?

A. 10
B. 11
C. 12
D. 13

Answer: B. 11

A cricket team has 11 players. [Set D 2024 Q21]

A is wrong: 10 is too few.

C is wrong: 12 includes the 12th man, who does not play.

D is wrong: Incorrect - the right answer is "11", not "13".

285. If the total number of teams not in power of two given the:

A. Byes
B. Seeded
C. Special seeded
D. None of above

Answer: A. Byes

Byes are free passes given when the number of teams is not a power of two. [Set D 2024 Q22]

B is wrong: Seeded teams are kept apart, not given passes.

C is wrong: Special seeded is not the term.

D is wrong: Not correct - there is a right answer among the options: Byes.

286. Popping crease attached?

A. Volleyball
B. Cricket
C. Basketball
D. None of the above

Answer: B. Cricket

The popping crease is a line in cricket marking the batter's safe ground. [Set D 2024 Q26]

A is wrong: Volleyball has no crease.

C is wrong: Basketball has no crease.

D is wrong: Not correct - there is a right answer among the options: Cricket.

287. The size of the swimming pool should be:

A. L and T shaped
B. P and Q shaped
C. M and G shaped
D. All of the above

Answer: A. L and T shaped [answer not sure - verify]

L- and T-shaped pools are standard layouts (for diving and lanes); P-, Q-, M- or G-shaped pools are not. [Set D 2024 Q35]

B is wrong: P and Q shaped is not standard.

C is wrong: M and G shaped is not standard.

D is wrong: Incorrect - the right answer is "L and T shaped", not "All of the above".

288. L.N.I.P.E. is situated in:

A. Gwalior
B. Maharashtra
C. Uttar Pradesh
D. None of these

Answer: A. Gwalior

The Lakshmibai National Institute of Physical Education (LNIPE) is in Gwalior. [Set D 2024 Q49]

B is wrong: Maharashtra is not the location.

C is wrong: Uttar Pradesh is not the location.

D is wrong: Not correct - there is a right answer among the options: Gwalior.

289. Which of following factors is considered to be most important in the consultation of an indoor gymnasium?

A. Light
B. Ventilation
C. Both of the above
D. None of the above

Answer: C. Both of the above

Natural light and ventilation both matter in an indoor gymnasium. [Set D 2024 Q65]

A is wrong: Light alone is incomplete.

B is wrong: Ventilation alone is incomplete.

D is wrong: Not correct - there is a right answer among the options: Both of the above.

290. When is Sports Day celebrated?

A. 28 August
B. 29 August
C. 30 August
D. 31 August

Answer: B. 29 August

National Sports Day is 29 August, Major Dhyan Chand's birthday. [Set D 2024 Q82]

A is wrong: Incorrect - the right answer is "29 August", not "28 August".

C is wrong: Incorrect - the right answer is "29 August", not "30 August".

D is wrong: Incorrect - the right answer is "29 August", not "31 August".

291. Who of the following is the first Indian women to win a gold medal at the Asian games?

A. P.T. Usha
B. Karnam Malleshwari
C. Kamaljeet Sindhu
D. Sania Mirza

Answer: C. Kamaljeet Sindhu

Kamaljit Sandhu won the 400 m at the 1970 Bangkok Asian Games. [Set D 2024 Q90]

A is wrong: P.T. Usha won later.

B is wrong: Karnam Malleswari is a weightlifter.

D is wrong: Sania Mirza is a tennis player.

292. Where did the first "Khelo India University" games take place?

A. Bhuneshwar
B. New Delhi
C. Pune
D. Kolkata

Answer: A. Bhuneshwar

The first Khelo India University Games were held in Bhubaneswar in 2020. [Set D 2024 Q93]

B is wrong: Incorrect - the right answer is "Bhuneshwar", not "New Delhi".

C is wrong: Pune hosted the Khelo India Youth Games.

D is wrong: Incorrect - the right answer is "Bhuneshwar", not "Kolkata".

293. Full form of S.A.I.

A. Sport Authority of India
B. Sport Administration of India
C. Specific Advisory of India
D. None of the above

Answer: A. Sport Authority of India

SAI stands for Sports Authority of India. [Set D 2024 Q95]

B is wrong: Incorrect - the right answer is "Sport Authority of India", not "Sport Administration of India".

C is wrong: Incorrect - the right answer is "Sport Authority of India", not "Specific Advisory of India".

D is wrong: Not correct - there is a right answer among the options: Sport Authority of India.

Teaching & education

294. A teacher can develop social values among students by

A. Telling them about great people
B. Developing sense of discipline
C. Behaving ideally
D. Telling them good stories

Answer: C. Behaving ideally [answer not sure - verify]

A teacher teaches values best by being an ideal role model (behaving ideally); this is the best fit. [Set D 2024 Q36]

A is wrong: Stories about great people help but are indirect.

B is wrong: Discipline is one value, not the method.

D is wrong: Stories are indirect.

295. The quality of school's education is exclusively depending upon

A. Infrastructural facilities
B. Financial provisions
C. International support
D. The quality of teacher education

Answer: D. The quality of teacher education

School education quality rests mainly on the quality of teacher education. [Set D 2024 Q37]

A is wrong: Buildings help but do not teach.

B is wrong: Money helps but does not teach.

C is wrong: International support is not decisive.

296. Which of the following is not the method of learning?

A. Learning by doing
B. Collective approach
C. Beating approach
D. Integrated approach

Answer: C. Beating approach

Beating is punishment, not a way of learning. [Set D 2024 Q38]

A is wrong: Learning by doing is a method.

B is wrong: Collective approach is a method.

D is wrong: Integrated approach is a method.

297. The goal of teaching is

A. To give information
B. To impart knowledge
C. To involve pupils in activities
D. Desirable change in behaviour

Answer: D. Desirable change in behaviour

The goal of teaching is a desirable change in the learner's behaviour. [Set D 2024 Q39]

A is wrong: Giving information is only a step.

B is wrong: Imparting knowledge is only a step.

C is wrong: Involving pupils is a method.

298. Indirect teaching is:

A. Student centered teaching
B. Teacher centered teaching
C. Both (A) and (B)
D. None of these

Answer: A. Student centered teaching [answer not sure - verify]

Indirect teaching is student-centred: the teacher guides and the student takes the lead. [Set D 2024 Q40]

B is wrong: Teacher-centred teaching is direct teaching.

C is wrong: Not correct - only "Student centered teaching" is right, so 'both' does not hold.

D is wrong: Not correct - there is a right answer among the options: Student centered teaching.

Training methods

299. Speed play is also known as _____.

A. Weight training
B. Pressure training
C. Fartlak training
D. Interval training

Answer: C. Fartlak training

Fartlek is Swedish for 'speed play': running speed is varied freely over distance. [Set D 2024 Q10]

A is wrong: Weight training uses loads.

B is wrong: Pressure training is not a standard method.

D is wrong: Interval training has fixed work/rest periods.

300. Super compensation means _____.

A. Fatigue
B. Second wind
C. Adaptation to load
D. Oxygen debt

Answer: C. Adaptation to load

Super compensation is the body adapting to training load so it comes back stronger after rest. [Set D 2024 Q16]

A is wrong: Fatigue is the temporary tiredness.

B is wrong: Second wind is a feeling during running.

D is wrong: Oxygen debt is the oxygen owed after work.

Part B - Predicted practice sets

Each set: 50 questions (Unit I: 7, Unit II: 12, Unit III: 15, Unit IV: 8, Sports & General: 8). No question repeats between sets. Try each set in 45 minutes, then check the answer key at the end of the set.

Predicted Set 1

50 questions - 1 mark each - no negative marking

1. General education and Physical Education are?
- A. Unrelated
- B. Complementary
- C. Opposite
- D. Identical

2. Which is a misconception about Physical Education?
- A. It improves health
- B. It is only for athletes
- C. It develops discipline
- D. It supports fitness

3. Physical Education in India before independence was generally?
- A. Highly organized
- B. Limited
- C. Fully modern
- D. Scientifically planned

4. Physical Education contributes to?
- A. Healthy lifestyle
- B. Mental alertness
- C. Personal discipline
- D. All of these

5. Physical Education helps in?
- A. Physical fitness
- B. Mental health
- C. Social adjustment
- D. All of these

6. Physical education and recreation are closely related, because they both:
- A. promote physical and mental well- being
- B. require expensive equipment
- C. are only for children
- D. take place in classrooms

7. Physical Education in schools mainly supports?
- A. Holistic growth
- B. Only body building
- C. Only entertainment
- D. Only competition

8. The ratio of Fat to Lean body mass is known as:
- A. Body Mass Index
- B. Body Composition
- C. Physical Fitness
- D. Weight Management

9. The ability to cover the maximum distance in minimum time is
- A. Endurance
- B. Speed
- C. Strength
- D. None of the above

10. The ability of the Heart and Lungs to supply oxygen to working muscles for a long period is called:
- A. Muscular Strength
- B. Cardiovascular Endurance
- C. Body Composition
- D. Flexibility

11. Which of these is a key component of physical wellness?
A. Social relationships
B. Regular exercise
C. Spiritual peace
D. Stress management

12. Wellness includes?
A. Physical health
B. Mental health
C. Social health
D. All of these

13. Good diet should be?
A. Balanced
B. One-sided
C. Random
D. Only oily

14. Rest and sleep are important for?
A. Recovery
B. Fatigue
C. Stress
D. Overwork

15. What is the impact of a sedentary lifestyle on weight?
A. It helps in weight loss
B. It increases the risk of weight gain
C. It has no effect on weight
D. It increases metabolic rate

16. Which vitamin is known as the 'sunshine vitamin'?
A. Vitamin-D
B. Vitamin-C
C. Vitamin- A
D. Vitamin -E

17. How many essential nutrients are there?
A. 3
B. 4
C. 5
D. 6

18. How does the World Health Organisation (WHO) define 'obesity'?
A. BMI over 20
B. Abnormal or excessive fat accumulation
C. Excessive protein intake
D. Only weight above 100 kg

19. Which of the following disease does increase the risk of developing obesity?
A. Diabetes
B. Cancer
C. Cardio-Vasular disease
D. All the above

20. Naukasana is called?
A. Boat pose
B. Plough pose
C. Crocodile pose
D. Wind relieving pose

21. Meditation means?
A. Deep concentration
B. Loud speaking

C. Fast movement
D. Physical struggle

22. What should be done before Pranayama?
A. Exercise
B. Sitting quietly
C. Eating food
D. Drinking water

23. What are the benefits of Pranayama?
A. Reduces stress
B. Increases concentration
C. Strengthens the respiratory system
D. All of the above

24. The power of concentration is possible through :
A. Viyoga
B. Yoga
C. Sadhana
D. Asana

25. Yoga helps in mental health by?
A. Reducing stress
B. Improving concentration
C. Creating calmness
D. All of these

26. What is the name of the cleansing practices in yoga?
A. Mudras
B. Asanas
C. Pranayams
D. Shatkriyas

27. Yoga originated in?
A. India
B. China
C. Japan
D. USA

28. What are the numbers of Sat Karmas?
A. 6
B. 10
C. 7
D. 11

29. How many types of yam are there?
A. 5
B. 3
C. 2
D. 1

30. Which practice is not an Internal Practice of yoga?
A. Dharana
B. Pranayama
C. Dhyana
D. Samadhi

31. Who is believed to be the father of modern yoga?
A. Gautam Buddha
B. Maharshi Patanjali
C. Adi Shankaracharya
D. Krishnamacharya

32. Out of the following which one is not a ashtanga yoga?

A. Yama
B. Pranayama
C. Niyam
D. Dhauti

33. The first part of Yoga Sutra deals with :
A. Samadhi
B. Niyam
C. Asana
D. Yama

34. Yoga Sutra is written by :
A. Patanjali
B. Kanada
C. Kapil
D. Yogi

35. Recreation is an activity performed during:
A. Working hours
B. Leisure time
C. Study time
D. None of the above

36. Recreation helps in?
A. Relaxation
B. Mental freshness
C. Energy restoration
D. All of these

37. Recreation in Physical Education supports?
A. Stress relief
B. Freshness
C. Better mood
D. All of these

38. The scope of recreation includes?
A. Indoor activities
B. Outdoor activities
C. Social activities
D. All of these

39. Stapu is also known as?
A. Hopscotch
B. Chess
C. Kabaddi
D. Kho-Kho

40. Gilli-Danda is mainly played with?
A. A bat and ball
B. A stick and a small wooden piece
C. Cards
D. Rope

41. Traditional games are?
A. Modern digital games
B. Games rooted in culture
C. Foreign-only games
D. Computer-based games

42. Traditional games help preserve?
A. Culture
B. Language
C. Local traditions
D. All of these

Answer key - Predicted Set 1

1. **B**	11. **B**	21. **A**	31. **D**	41. **B**
2. **B**	12. **D**	22. **B**	32. **D**	42. **D**
3. **B**	13. **A**	23. **D**	33. **A**	43. **C**

9. **B**	19. **D**	29. **A**	39. **A**	49. **D**
10. **B**	20. **A**	30. **B**	40. **B**	50. **C**

1. Complementary - General education and PE support each other - PE is a part of total education.

2. It is only for athletes - PE is for everyone. Saying it is only for athletes is the common wrong belief about PE.

3. Limited - Before 1947 PE in India was limited and mostly traditional or military in style.

4. All of these - PE gives a healthy lifestyle, mental alertness and personal discipline.

5. All of these - PE builds fitness, mental health and social adjustment.

6. promote physical and mental well- being - Both promote physical and mental well-being.

7. Holistic growth - In schools PE supports holistic (overall) growth of the child.

8. Body Composition - The ratio of fat to lean mass is body composition.

9. Speed - Speed is covering maximum distance in minimum time.

10. Cardiovascular Endurance - Cardiovascular endurance is the heart and lungs supplying oxygen for a long time.

11. Regular exercise - Regular exercise is the core of physical wellness.

12. All of these - Wellness includes physical, mental and social health.

13. Balanced - A good diet is balanced - all nutrients in proper proportion.

14. Recovery - Rest and sleep let the body repair muscles and recover from effort.

15. It increases the risk of weight gain - Little physical activity burns fewer calories, so weight gain risk rises.

16. Vitamin-D - Skin makes vitamin D in sunlight, hence 'sunshine vitamin'.

17. 6 - Six nutrient classes are essential: carbohydrates, proteins, fats, vitamins, minerals, water.

18. Abnormal or excessive fat accumulation - WHO defines obesity as abnormal or excessive fat accumulation that may harm health.

19. All the above - Diabetes, cancer and cardiovascular disease are each linked with obesity, so 'all' fits.

20. Boat pose - Nauka means boat; the body is raised like a boat.

21. Deep concentration - Meditation (dhyana) means deep, steady concentration of the mind.

22. Sitting quietly - Sit quietly first to settle the mind and breath.

23. All of the above - Pranayama reduces stress, improves concentration and strengthens breathing.

24. Yoga - Yoga trains the mind to stay focused.

25. All of these - Yoga reduces stress, improves concentration and brings calmness.

26. Shatkriyas - Shatkriyas are the six cleansing practices.

27. India - Yoga began in ancient India.

28. 6 - Shat-karma means six cleansing kriyas: Dhauti, Basti, Neti, Trataka, Nauli, Kapalbhati.

29. 5 - There are five yamas: ahimsa, satya, asteya, brahmacharya, aparigraha.

30. Pranayama - Dharana, Dhyana and Samadhi are internal practices; Pranayama is an external practice.

31. Krishnamacharya - T. Krishnamacharya is called the father of modern yoga for reviving and teaching hatha yoga.

32. Dhauti - Dhauti is a shatkarma (cleansing), not one of the eight limbs.

33. Samadhi - The first pada is Samadhi Pada.

34. Patanjali - Patanjali wrote the Yoga Sutra.

35. Leisure time - Recreation is done in leisure time, when work and study are over.

36. All of these - Recreation helps in relaxation, mental freshness and restoring energy.

37. All of these - Recreation relieves stress, brings freshness and improves mood.

38. All of these - Recreation includes indoor, outdoor and social activities.

39. Hopscotch - Stapu is the Indian name for hopscotch.

40. A stick and a small wooden piece - Gilli-Danda uses a long stick (danda) and a small wooden piece (gilli).

41. Games rooted in culture - Traditional games are rooted in local culture.

42. All of these - Traditional games keep alive culture, language and local traditions.

43. 8 - The cranium (skull) has 8 bones.

44. 37 C - Normal human body temperature is about 37 C.

45. From the respiratory tract - The trachea (windpipe) is part of the respiratory tract.

46. 40-45% - Muscles make up about 40-45% of body weight.

47. Athens - The first modern Olympics were held in Athens in 1896.

48. Cricket - The popping crease is a line in cricket marking the batter's safe ground.

49. The quality of teacher education - School education quality rests mainly on the quality of teacher education.

50. Fartlak training - Fartlek is Swedish for 'speed play': running speed is varied freely over distance.

Predicted Set 2

50 questions - 1 mark each - no negative marking

1. Physical activity is basically :
- A. Biological necessity
- B. Psychological tendency
- C. Social attribute
- D. Philosophical concept

2. A common misconception is that Physical Education is?
- A. Useful for life
- B. Only for boys
- C. Helpful for health
- D. Important in schools

3. After independence, India placed more emphasis on?
- A. National development
- B. Only club sports
- C. Only foreign games
- D. No school sports

4. Physical education recognized by the Indian Education Commission?
- A. In 1880
- B. In 1881
- C. In 1883
- D. In 1882

5. Physical Education in India after independence became?
- A. Less important
- B. More developed
- C. Completely closed
- D. Not included in schools

6. Y.M.C.A. Madras was established in which year?
- A. 1890
- B. 1910
- C. 1920
- D. 1940

7. The scope of Physical Education does NOT include?
- A. Yoga
- B. Sports
- C. Recreation
- D. Cure for all diseases

8. Which is not considered one of the Five main components of physical fitness?
- A. Muscular Strength
- B. Cardiovascular Endurance
- C. Reaction Time
- D. Flexibility

9. Which of the following is not a coordinative ability?
- A. Balance
- B. Agility
- C. Muscular Strength
- D. Rhythm

10. Fitness means?
- A. Ability to do work efficiently
- B. Lack of energy
- C. Only strength
- D. Only running

11. The scientific meaning of wellness is the stage of being health and _____.
A. Sorrow
B. Free from disease
C. Stress
D. Anxiety

12. Wellness refers to?
A. Disease
B. Complete well-being
C. Weakness
D. Fatigue

13. Lifestyle means?
A. Way of living
B. Only food habit
C. Only sleeping habit
D. Only sport habit

14. Stress can affect fitness by?
A. Reducing performance
B. Increasing fatigue
C. Affecting sleep
D. All of these

15. How many amino acids make up a protein?
A. 10
B. 20
C. 30
D. 50

16. Which micronutrient is essential for the formation of Red Blood Cells?
A. Calcium
B. Iron
C. Zinc
D. Potassium

17. At what point is a person considered obese?
A. 10% above normal weight
B. 15% above normal weight
C. 20% above normal weight
D. 25% above normal weight

18. What does BMI (Body Mass Index) measure?
A. Muscle density
B. Metabolic rate
C. Body fat based on height and weight
D. Bone strength

19. What is the full form of B.M.I.?
A. Balance Mass Index
B. Body Mass Index
C. Body Motion Index
D. Balance Motion Index

20. What is the second pose in Surya Namaskara?
A. Padahastasana
B. Parvatasana
C. Namaskarasana
D. Hastottanasana

21. Which posture is helpful for meditation?
A. Padmasana
B. Bhujangasana

C. Naukasana
D. Dhanurasana

22. Suryanamaskar incarparates
A. 12 mantras
B. Breathing awareness
C. Sequence of body positions
D. All of the above

23. Padmasana is also known as?
A. Chair pose
B. Lotus pose
C. Boat pose
D. Wind pose

24. Which asana is considered best for improving digestion and can be done even after meals?
A. Bhujangasana
B. Vajrasana
C. Shavasana
D. Chakrasana

25. Tadasana is called?
A. Mountain pose
B. Cobra pose
C. Bridge pose
D. Fish pose

26. Asana means :
A. Posture
B. Sleep
C. Play
D. Breath

27. Which asana increases digestion after a meal?
A. Trikonasana
B. Hastasana
C. Vajrasana
D. Ardhamatsyendrasan

28. Asana means?
A. Posture
B. Food
C. Game
D. Rest

29. Pranayama is mainly related to?
A. Controlled breathing
B. Heavy lifting
C. Fast running
D. Jumping drills

30. Yoga practice can improve?
A. Flexibility
B. Balance
C. Mental peace
D. All of these

31. Which powers can be developed in yoga?
A. Mental
B. Secret
C. Physical
D. All of the above

32. Yoga helps improve which component of fitness the most?

A. Flexibility
B. Speed
C. Muscle strength
D. Agility

33. "Yogah Chitta Vritti Nirodha" who gave his definition of yoga?
A. Maharshi Patanjali
B. Maharshi Gherand
C. Maharshi Vyas
D. Maharshi Kapil

34. Yoga history is associated with?
A. Ancient Indian tradition
B. Modern technology
C. Industrial training
D. Computer science

35. Zumba is a form of?
A. Dance fitness
B. Cooking
C. Swimming
D. Writing

36. Physical Education uses recreation to build?
A. Healthy habits
B. Social skills
C. Positive attitude
D. All of these

37. Which of the following is an indoor recreational activity?
A. Chess
B. Running
C. Cycling
D. Trekking

38. Which of the following is an outdoor recreational activity?
A. Camping
B. Reading
C. Painting
D. Puzzles

39. Kancha is played with?
A. Stones
B. Marbles
C. Dolls
D. Balls

40. Which place is most suitable for playing 'marbles'?
A. Concrete floor
B. Soft soil/ground
C. Carpet
D. Ice

41. What is the main item needed to play Stapu (Hopscotch)?
A. A bat
B. A ball
C. A marker/stone (Thippi)
D. A rope

42. One benefit of traditional games is?
A. Physical fitness
B. Social bonding
C. Cultural preservation
D. All of these

Answer key - Predicted Set 2

1. **A**	11. **B**	21. **A**	31. **D**	41. **C**
2. **B**	12. **B**	22. **D**	32. **A**	42. **D**
3. **A**	13. **A**	23. **B**	33. **A**	43. **A**
4. **D**	14. **D**	24. **B**	34. **A**	44. **B**
5. **B**	15. **B**	25. **A**	35. **A**	45. **A**
6. **C**	16. **B**	26. **A**	36. **D**	46. **B**
7. **D**	17. **C**	27. **C**	37. **A**	47. **A**
8. **C**	18. **C**	28. **A**	38. **A**	48. **A**
9. **C**	19. **B**	29. **A**	39. **B**	49. **D**
10. **A**	20. **D**	30. **D**	40. **B**	50. **C**

1. Biological necessity - Movement is a basic biological need of the body.

2. Only for boys - PE is for boys and girls of every age; thinking it is only for boys is the misconception.

3. National development - After independence PE was linked to national development and school programmes.

4. In 1882 - The Indian Education Commission (Hunter Commission) was set up in 1882 and recommended physical training in schools.

5. More developed - After 1947 PE grew with school programmes and national institutes, so it became more developed.

6. 1920 - YMCA Madras began its physical education training in 1920.

7. Cure for all diseases - PE promotes health but cannot cure all diseases. Yoga, sports and recreation are in its scope.

8. Reaction Time - The five health-related components are CV endurance, muscular strength, muscular endurance, flexibility and body composition; reaction time is skill-related.

9. Muscular Strength - Muscular strength is a conditional ability; balance, agility and rhythm are coordinative.

10. Ability to do work efficiently - Fitness is the ability to do daily work efficiently without undue fatigue.

11. Free from disease - Wellness is the state of health and freedom from disease.

12. Complete well-being - Wellness means complete well-being - physical, mental and social.

13. Way of living - Lifestyle means the overall way of living - food, activity, sleep and habits.

14. All of these - Stress hurts performance, causes fatigue and disturbs sleep.

15. 20 - Twenty amino acids make up proteins.

16. Iron - Iron is needed to make haemoglobin in red blood cells.

17. 20% above normal weight - A person is usually called obese at 20% or more above normal weight.

18. Body fat based on height and weight - BMI uses weight and height to indicate body fatness.

19. Body Mass Index - BMI stands for Body Mass Index.

20. Hastottanasana - Surya Namaskar order: Pranamasana, Hastauttanasana (second), Padahastasana, ...

21. Padmasana - Padmasana is a stable seated pose that keeps the spine straight, so it suits meditation.

22. All of the above - Surya Namaskar combines twelve mantras, breath awareness and a sequence of body positions.

23. Lotus pose - Padma means lotus, so Padmasana is the lotus pose.

24. Vajrasana - Vajrasana is the only pose that can be done after meals; it improves blood flow to the digestive organs.

25. Mountain pose - Tada means palm tree or mountain; Tadasana is the standing mountain pose.

26. Posture - Asana means posture.

27. Vajrasana - Vajrasana improves digestion and can be done after meals.

28. Posture - Asana means posture.

29. Controlled breathing - Pranayama is the practice of controlled breathing.

30. All of these - Yoga improves flexibility, balance and mental peace.

31. All of the above - Yoga can develop mental, physical and subtle powers.

32. Flexibility - Yoga improves flexibility the most through stretching postures.

33. Maharshi Patanjali - Patanjali defined yoga as 'Yogah chitta vritti nirodhah' - stopping the fluctuations of the mind.

34. Ancient Indian tradition - Yoga is a part of the ancient Indian tradition.

35. Dance fitness - Zumba combines dance and aerobic exercise.

36. All of these - PE uses recreation to build healthy habits, social skills and a positive attitude.

37. Chess - Chess is played indoors, so it is an indoor recreational activity.

38. Camping - Camping is done outdoors, so it is an outdoor recreational activity.

39. Marbles - Kancha is the Indian name for marbles.

40. Soft soil/ground - Soft soil lets marbles roll and be flicked properly.

41. A marker/stone (Thippi) - A marker stone (thippi) is thrown into the boxes.

42. All of these - Traditional games give fitness, social bonding and cultural preservation.

43. 7 April 1948 - WHO was established on 7 April 1948, celebrated as World Health Day.

44. 16 - The modern Olympic Games run for about 16 days.

45. First - The 1896 Games in Athens were the first modern Olympics.

46. 1951 - The first Asian Games were held in New Delhi in 1951.

47. Zeus - The ancient Olympics honoured Zeus at Olympia.

48. 11 - A football team has 11 players on the field.

49. Desirable change in behaviour - The goal of teaching is a desirable change in the learner's behaviour.

50. Adaptation to load - Super compensation is the body adapting to training load so it comes back stronger after rest.

Predicted Set 3

50 questions - 1 mark each - no negative marking

1. Enlightenment is more easily attained by playing football than by reading the Gita - this statement is of?
A. Mahatma Gandhi
B. Jawahar Lal Nehru
C. Rabindranath Tagore
D. Swami Vivekananda

2. What is focus of physical education?
A. Motion
B. Man in motion
C. Man
D. Fitness

3. Who defined Physical Education as the sum of man's physical activities selected as to kind and conducted as to outcomes?
A. J.F. Williams
B. Charles Bucher
C. Oberteuffer
D. Cassidy

4. Who among the following advocated the requirement of football field more than that of Geeta ?
A. Mahatma Gandhi
B. Vinoba Bhave
C. Churchill
D. Swami Vivekanand

5. According to the German Concept of Physical Education, the Mother of all Games and Sports is :
A. Swimming
B. Gymnastic
C. Athletics
D. Combatives

6. Physical Education before independence was mostly influenced by?
A. Traditional and military needs
B. Digital learning
C. Online coaching
D. Space science

7. Which of these is a benefit of Physical Education?
A. Better teamwork
B. Better discipline
C. Better self-confidence
D. All of these

8. Body composition is related to?
A. Fat and lean mass
B. Only height
C. Only age
D. Only speed

9. Maximum force that a muscle or muscle group can apply is called:
A. Muscular Endurance
B. Muscular Strength
C. Flexibility
D. Power

10. Which of the following is not a component of physical fitness?
A. Endurance
B. Speed
C. Alertness

D. Strength

11. Which hormone is released during exercise and is known as the "feel-good" hormone?
A. Cortisol
B. Adrenaline
C. Endorphins
D. Insulin

12. According to WHO, what does wellness include?
A. Only physical health
B. Emotional and spiritual well-being
C. Only social health
D. Only absence of disease

13. A healthy lifestyle is supported by?
A. Physical activity
B. Good habits
C. Proper rest
D. All of these

14. A healthy lifestyle includes?
A. Balanced diet
B. Regular exercise
C. Proper rest
D. All of the above

15. Which of these is not a lipid?
A. Fats
B. Oils
C. Protein
D. Waxes

C. Kamaljeet Sindhu
D. Sania Mirza

50. Which of the following is not the method of learning?
A. Learning by doing
B. Collective approach
C. Beating approach
D. Integrated approach

Answer key - Predicted Set 3

1. **D**	11. **C**	21. **A**	31. **C**	41. **C**
2. **B**	12. **B**	22. **B**	32. **D**	42. **D**
3. **A**	13. **D**	23. **C**	33. **D**	43. **D**
4. **D**	14. **D**	24. **B**	34. **D**	44. **A**
5. **B**	15. **C**	25. **B**	35. **A**	45. **B**
6. **A**	16. **B**	26. **C**	36. **A**	46. **A**
7. **D**	17. **B**	27. **C**	37. **D**	47. **C**
8. **A**	18. **C**	28. **A**	38. **D**	48. **B**
9. **B**	19. **C**	29. **B**	39. **B**	49. **C**
10. **C**	20. **A**	30. **A**	40. **D**	50. **C**

1. Swami Vivekananda - Swami Vivekananda said the youth would reach heaven sooner through football than through reading the Gita.

2. Man in motion - PE focuses on 'man in motion' - the whole person through movement.

3. J.F. Williams - J.F. Williams defined PE as the sum of man's physical activities selected as to kind and conducted as to outcomes.

4. Swami Vivekanand - Swami Vivekananda said football is a better path than reading the Gita for the weak.

5. Gymnastic - In the German system gymnastics is the 'mother of all games and sports'.

6. Traditional and military needs - Before independence PE followed traditional and military needs.

7. All of these - Teamwork, discipline and self-confidence all grow through PE.

8. Fat and lean mass - Body composition is the proportion of fat and lean (muscle, bone) mass in the body.

9. Muscular Strength - Maximum force a muscle can exert is muscular strength.

10. Alertness - Alertness is a mental state, not a physical fitness component.

11. Endorphins - Endorphins are released in exercise and improve mood.

12. Emotional and spiritual well-being - WHO says wellness includes emotional and spiritual well-being as well as physical health.

13. All of these - Physical activity, good habits and proper rest together support a healthy lifestyle.

14. All of the above - A healthy lifestyle needs balanced diet, regular exercise and proper rest.

15. Protein - Proteins are not lipids; fats, oils and waxes are lipids.

16. To help in digestion and prevent constipation - Dietary fibre aids digestion and prevents constipation.

17. Proteins - Protein repairs tissue and supports metabolism.

18. Skipping breakfast - Skipping breakfast slows metabolism and leads to overeating later.

19. Energy imbalance between calories consumed and calories expended - Obesity occurs when calories eaten exceed calories used.

20. Bhujangasana - Bhujangasana is the cobra pose.

21. Thunderbolt pose - Vajra means thunderbolt (diamond), so Vajrasana is the thunderbolt pose.

22. Asana aims at body-mind balance - Asana aims at balancing body and mind; exercise mainly aims at physical fitness.

23. Ujjayi pranayama - Ujjayi makes a soft ocean-wave sound in the throat.

24. Rapid inhalation and exhalation - Bhastrika means 'bellows': breath is pushed in and out rapidly and forcefully.

25. Systematic and regulated - Pranayama is systematic and regulated (puraka, kumbhaka, rechaka); ordinary deep breathing is not.

26. Chess - Chess is a board game; the other three are breathing techniques.

27. Inhaling through one nostril and exhaling through the other - Anulom-Vilom: inhale through one nostril and exhale through the other, alternately.

28. Breathing control - Pranayama = prana (breath) + ayama (control), so it means breathing control.

29. Prana - Prana is breath or life force.

30. Pranayama - Anulom-Vilom is alternate-nostril breathing, which is a pranayama.

31. Controlling the breath - Pranayama = prana + ayama, control of breath.

32. All of these - Yoga builds discipline, self-control and patience - the core of value education.

33. All of these - Yoga improves flexibility, concentration and recovery, all useful in sports.

34. Bhagavad Gita - Karma yoga is taught in the Bhagavad Gita.

35. Enjoyment - Enjoyment is the first principle of recreation - it must be pleasant and voluntary.

36. Fitness - Aerobics is used to build fitness, especially cardio fitness.

37. All of these - A good recreational programme should be interesting, safe and inclusive.

38. All of these - Recreation gives recovery, joy and motivation, which is why PE uses it.

39. Kanche - Kanche is the traditional Indian name for marbles.

40. All of these - Traditional games develop coordination, agility and team spirit.

41. You lose your turn (foul) - If the stone lands on a line it is a foul and the player loses the turn.

42. All of these - Traditional games deserve promotion because they are cultural, healthy and affordable.

43. All of the above - Heredity, nutrition (vitamins) and environment all affect growth and development.

44. Citius, Altius, Fortius. - Citius, Altius, Fortius means Faster, Higher, Stronger.

45. 2 - Cricket has two on-field umpires.

46. Gwalior - The Lakshmibai National Institute of Physical Education (LNIPE) is in Gwalior.

47. Soccer - Football (soccer) involves repeated short sprints during a match.

48. 29 August - National Sports Day is 29 August, Major Dhyan Chand's birthday.

49. Kamaljeet Sindhu - Kamaljit Sandhu won the 400 m at the 1970 Bangkok Asian Games.

50. Beating approach - Beating is punishment, not a way of learning.
